

ORS 689.681 Opiate overdose; treatments; training; administration of naloxone; rules.

...

(4) Notwithstanding any other provision of law, a pharmacy, a health care professional with prescription and dispensing privileges or any other person designated by the State Board of Pharmacy by rule may distribute unit-of-use packages of naloxone, and the necessary medical supplies to administer the naloxone, to a person who:

(a) Conducts training that meets the protocols and criteria established by the authority under subsection (2) of this section, so that the person may possess and distribute naloxone and necessary medical supplies to persons who successfully complete the training; or

(b) Has successfully completed training that meets the protocols and criteria established by the authority under subsection (2) of this section, so that the person may possess and administer naloxone to any individual who appears to be experiencing an opiate overdose.

(5) A person who has successfully completed the training described in this section is immune from civil liability for any act or omission committed during the course of providing the treatment pursuant to the authority granted by this section, if the person is acting in good faith and the act or omission does not constitute wanton misconduct.
