RO

A Responsible Officer (RO) is responsible for ensuring that information submitted to the Authority on behalf of an associated facility (or facilities) is accurate through the portal. The RO may permit a consultant to prepare a submittal in the system through an associated account, however, only the RO may certify and submit the submittal.

Consultant

A Consultant may prepare a submittal form for a Responsible Official (RO). To prepare submittals for an RO, a Consultant account needs to be associated with an RO account (by the RO). Only an RO may certify and submit submittals.

General Public

A Public account grants privileges to pay invoices and respond to the Authority's public notices. A Public account does not grant access to preparing or submitting a submittal in the portal.

2. Account Verification

- Must be completed before you can link to a facility
- Log into the system – pop up box

Identity Verification Required

The System needs to verify your identity in order to grant you the 'RO' privilege to make a submittal. You have two options to complete the verification which are E-Verify or Electronic Subscriber Agreement (ESA).

To start the identity proofing process, you may go to My Account or click the button below.

Do it later

The screenshot shows a mobile application dashboard with a dark green header containing a hamburger menu icon and the word "Dashboard". Below the header, there is a light blue banner with the text "Views summary of work progress." and a scrollable list of menu items. The items are grouped into sections: "Submittals" (Start New Submittal, Resume Edits, Track Submittal Status), "Upcoming Obligations", "Pay Invoices/Fees", "Issuance" (Permits/Certificates), "Utilities" (Public Records), and "Settings" (My Account). Two pink arrows point to the hamburger menu icon at the top and the "My Account" item at the bottom.

Option #1: E-Verify

Please provide information below to E-Verify yourself. **Information provided here is for E-Verify purpose only, and will not be saved locally.**

Make sure you are using your personal HOME information. If you have moved in past 6 months, please use your previous HOME address before your last move.

If successful, you will be informed promptly and can start using your account to certify/submit documents to the Authority. **Due to security reasons, the System will only allow you for 3 trials.**

If the E-Verify is not successful, it means the System is unable to authenticate your identity with the data you provided. In this case, please follow the ESA option to complete your identity proofing.

Option #2: Electronic Signature Agreement (ESA)

Please print and sign an Electronic Signature Agreement below and mail it to the Authority at the address shown on the ESA. The Authority will verify your identity and make a decision on your 'RO' request.

You will receive an email notification after the Authority's decision is made. The ESA will take some time because it involves the mail delivery, paper handling, human checks, and data entries.

While you are waiting for the verification process to be complete, you will be able to access the system on a limited basis, but will not be able to submit a report.

If you have not received any feedback after 6 weeks after submitting your ESA, please contact the Authority to follow up.

Print and sign an Electronic Signature Agreement

What to expect after sending your form:

- DEQ will receive the form: it may take up to a week to process.
- Faster processing is possible if also sending electronically to YourDEQOnline@deq.state.or.us or by fax to 503-229-6762.

The signed paper form must still be mailed to DEQ.

Successful verification

- DEQ notifies the Responsible Official via email.
- DEQ activates privileges in Your DEQ Online, enabling the Responsible Official to certify and finalize submittals.

Obstacles to verification

- If the form lacks required information, such as a missing signature or other necessary information, DEQ will contact the Responsible Official.

- * An Excel Facility ID look up table is available in the electricity sector tab here: <https://www.oregon.gov/deq/aaq/programs/Pages/GHG-Reporting.aspx>.
- *Do not include the column headers when copying the data for import into Your DEQ Online.
- *For power purchased from unspecified sources, use facility ID 102400. Separately identify power purchased from any energy imbalance market(s) or other centralized market(s) (Facility ID =102401).
- *Please only type in numbers for the MWh Delivered column; do not use commas.
- *Comments are optional.

Oregon's Clean Car Standards

Oregon must report the greenhouse gas emissions and information related to the generation of electricity distributed to end users in this state, regardless of whether the electricity was imported or generated in Oregon, as prescribed in OAR 340-215.

Reporting requirements are specific to electricity supplier type, which include investor-owned utilities, electricity service suppliers, and consumer-owned utilities. There are additional requirements for multi-jurisdictional utilities, asset-controlling suppliers, and third parties who report on behalf of consumer-owned utilities. DEQ's reporting guidance outlines the applicability and the different reporting requirements for each supplier type.

Entities subject to reporting must do so using Your DEQ Online. The guidance documents below provide additional details on applicability, reporting requirements, and use of Your DEQ Online.
