Grantee hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum. All employers, including Grantee, that employ subject workers who provide services in the State of Oregon shall comply with ORS 656.017 and provide the required Workers' Compensation coverage, unless such employers are exempt under ORS 656.126(2). Grantee shall require each of its subcontractors, if any, to comply with, and shall ensure that each of its subcontractors, if any complies with, these requirements.

h. Public Records.

Grantee acknowledges that all information and records submitted to Agency are subject to the Oregon Public Records Law, ORS 192.311 to 192.478. If Grantee believes that any information or records it submits to Agency contain trade secrets, as defined by ORS 192.345(2), or are otherwise exempt from disclosure under the Oregon Public Records Law, Grantee must identify such information or records with particularity and describe the bases for Grantee's belief that the information or records are exempt from disclosure.

Funding from the State of Oregon through this Agreement may be reported on Oregon Transparency, a state agency tool available for Oregonians to learn about how state government works, taxes are used, and more. The information on this website is provided to users for general knowledge and information. It excludes data and information that is confidential, protected, or private under state and federal laws, and is unaudited.

i. Oregon False Claims Act.

- 1.** Grantee acknowledges that the Oregon False Claims Act, ORS 180.750 to 180.785, applies to any action or conduct by the Grantee pertaining to this Agreement that constitutes a "claim" (as defined by ORS 180.750 (1)). By its execution of this Agreement, the Grantee certifies the truthfulness, completeness, and accuracy of any statement or claim it has made, it makes, it may make, or causes to be made that pertains to this Agreement or the System for which the Agreement work is being performed. In addition to other penalties that may be applicable, Grantee further acknowledges that if it makes, or causes to be made, a false claim or performs a prohibited act under the Oregon False Claims Act, the Oregon Attorney General may enforce the liabilities and penalties provided by the Oregon False Claims Act against Grantee. Nothing in this section or this Agreement may be construed as limiting or derogating from any authority granted the Oregon Attorney General under 180.750 to 180.785.
- 2.** Grantee shall immediately report in writing, to the Agency, any credible evidence that a principal, employee, agent, or subcontractor of the Grantee, or any sub-grantee or other person, has made a false claim or committed a prohibited act under the Oregon False Claims Act, or has committed a criminal or civil violation of laws pertaining to fraud, bribery, gratuity, conflict of interest, or similar misconduct in connection with this Agreement or moneys paid by the Agency under this Agreement.

3. Grantee must include subsections (i) through (ii) of this section in each subcontract or sub grant the Grantee may award in connection with the performance of this Agreement. In doing so, the Grantee may not modify the terms of those subsections, except to identify the subcontractors or sub grantee that will be subject to those provisions.
- j. **Sensitive Information.** Except for information that is already a matter of public record, Grantee shall not publish or otherwise disclose, except to Agency or as otherwise required by law, any information or data obtained hereunder from private individuals, organizations, or public agencies in a publication wherein the information or data furnished by or about any particular person or establishment can be identified, except with the written consent of such person or establishment. Unless otherwise required by law, information concerning the business of Agency, its financial affairs, and its relations with its clients and employees, as well as any other information that may be specifically classified as confidential by Agency, shall be kept confidential. Grantee shall instruct its employees and subcontractors to keep such information confidential by using the same care and discretion that they use with similar information that the Grantee designates as confidential.
- k. **Severability.** If any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if this Agreement did not contain the particular term or provision held to be invalid.
- l. **Assignment of Agreement, Successors in Interest.** Grantee shall not assign or transfer any interest in this Agreement without the prior written approval of Agency. Any such assignment or transfer, if approved, is subject to such conditions and provisions, as Agency may deem necessary, including without limitation that Agency shall have reasonable access to the records and facilities of the assignee or transferee to the same extent as to the records and facilities of Grantee as described in Sections 8 and 11 hereof. No approval by Agency of any assignment or transfer shall be deemed to create any obligation of Agency in addition to those set forth in this Agreement nor will Agency's approval of an assignment or transfer relieve Grantee of any of its duties or obligations under this Agreement.
- m. **Headings.** The headings and captions to sections of this Agreement have been inserted for identification and reference purposes only and shall not be used to construe the meaning of or to interpret this Agreement.
- n. **Construction.** The parties agree and acknowledge that the rule of construction that ambiguities in a written agreement are to be construed against the party preparing or drafting the agreement shall not be applicable to the interpretation of this Agreement.

- p. **Force Majeure.** Neither Agency nor Grantee shall be held responsible for delay or default caused by fire, civil unrest, natural causes or war which is beyond, respectively, the Agency's or Grantee's reasonable control. Each party shall, however, make all reasonable efforts to remove or eliminate such cause of delay or default and shall, upon the cessation of the cause, diligently pursue performance of its obligations under this Agreement.

- q. Integration and Waiver.** This Agreement, including all Exhibits, constitutes the entire agreement between the parties on the subject matter hereof. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. The delay or failure of either party to enforce any provision of this Agreement shall not constitute a waiver by that party of that or any other provision.
- r. Survival.** All provisions of this Agreement set forth in the following sections shall survive termination of this Agreement: Sections 6.c, 11, 14.a, and any other provisions that by their terms are intended to survive termination of this Agreement.

If they pay property taxes, Grantee must also provide proof that Grantee or owner of the Project's location, if other than Grantee, is current on the property taxes for the Project's location. If the total Project Costs are \$50,000 or more, Grantee must include an independent Certified Public Accountant's attestation to the validity and accuracy of the account. The following guidance is intended to help Grantee comply with these requirements.

A. Total Project Costs (Grantee should provide this guidance to the Certified Public Accountant responsible for verifying cost and payments.)

"Project cost" means the actual cost of the acquisition, construction and installation of a renewable energy system incurred by an applicant, before considering utility incentives.

To verify the total Project Costs that received a Community Renewable Energy Program (CREP) grant from the Oregon Department of Energy, you must be a Certified Public Accountant with a current license who is **NOT** an employee or affiliate of the Grantee or any partner listed on the application.

Obtain the following documents to complete your verification:

- A copy of the Grantee's Performance Agreement (the Project must comply with all conditions of the Performance Agreement).
- All receipts, paid invoices, cancelled checks (if applicable), and bank loan or promissory note documentation that pertains to the Project.
- A copy of the applicable Oregon Administrative Rules (OAR). The permanent rules related to Community Renewable Energy Program grants can be found here:
<https://secure.sos.state.or.us/oard/displayDivisionRules.action?selectedDivision=6901>

Verify and document the following information:

- The actual total Project Costs (regardless of whether the costs are eligible to be covered by the Community Renewable Energy Project Grant Program).
- The actual total **eligible** Project Costs. These are the costs that concur with the "Project Description" in the Performance Agreement and that are eligible costs according to [OAR 330-250-0100](#).
- The total amount of the payments made by the Grantee or Grantee's partners for the Project.
- An itemization of all financial incentives and grants received for the Project by the Grantee or any affiliate (e.g., utility incentives, Energy Trust of Oregon incentives, federal tax credits, grants, etc.).
- The Project's completion date. This is the date on which the Project became operational.
- The date the Project was paid in full (paid outright or loan contracts were fully executed).

B. Property Tax Status. If they pay property taxes, provide proof that the Grantee or owner of the Project location, if other than the Grantee, are current on their property taxes for the Project's location. This can be provided in the form of a receipt or statement indicating no balance is due.
