

B2H Exhibit K Errata Sheet

Dear Reader:

Exhibit K addresses the local substantive criteria in Morrow County, Umatilla County, Union County, Baker County, Malheur County, the City of North Powder, and the City of Huntington that are applicable to Idaho Power Company's (IPC) Boardman to Hemingway Transmission Line Project (Project). Moreover, Exhibit K demonstrates that the Project complies with the statewide planning goals adopted by the Land Conservation and Development Commission (LCDC). To demonstrate the same, IPC elects under Oregon Administrative Rule (OAR) 345-022-0030(2)(b) to have the Energy Facility Siting Council (EFSC or Council) determine that: (i) the Project complies with applicable substantive criteria, LCDC administrative rules, and directly applicable land use statutes; or (ii) the Project does not comply with one or more applicable substantive criteria but the Project otherwise complies with the statewide planning goals or an exception is justified.

The Applicant submitted its final Application for Site Certification on October 3, 2018. Subsequently, the Oregon Department of Energy requested certain additional information about the Project pursuant to Oregon Administrative Rule (OAR) 345-015-0190(9). This errata sheet provides the requested information—which may include corrections to the exhibit text, tables, figures, and/or proposed conditions—as it relates to Exhibit K.

As you read this exhibit, please keep in mind that any additional information identified in this errata sheet shall prevail over the contents of the exhibit document itself.

Summary of Changes in Exhibit K

Page #	Section #	Description of Change(s) Made
Attachment K-2, Page 20	4.1.5	Deleted the following text ... <i>with recognition of the limitations of the specific wildfire hazard zone (OAR 629-044-0020).</i>
