

**BEFORE THE ENERGY FACILITY SITING COUNCIL OF THE
STATE OF OREGON**

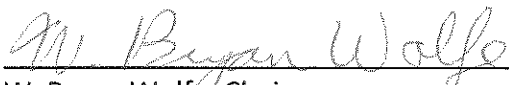

In the Matter of the Site Certificate)
for the Klamath Generation Facility)
)

SITE CERTIFICATE
TERMINATION ORDER

1 On June 28, 2013, Klamath Generation, LLC, a wholly owned subsidiary of Iberdrola
2 Renewables, Inc., withdrew its request for Amendment #3 to the Site Certificate for the
3 Klamath Generation Facility. The Amendment requested, in part, an extension of the
4 deadline to begin construction of the facility. The approved facility was a combined-
5 cycle natural gas power plant, with a nominal electric generating capacity of
6 approximately 500 megawatts, to be built in Klamath County, Oregon.

7
8 Upon withdrawal of the amendment request, under the existing Second Amended Site
9 Certificate, the date to begin construction by expired November 16, 2011. Pursuant to
10 OAR 345-027-0000, the Site Certificate is expired.

11
12 THEREFORE, the Council hereby terminates the Site Certificate for the Klamath
13 Generation Facility as described in the Second Amended Site Certificate fully executed
14 by the Council and Klamath Generation, LLC on June 2, 2009.

W. Bryan Wolfe, Chair
Oregon Energy Facility Siting Council
