Tetra Tech, Inc.

This page intentionally left blank

Oregon Administrative Rule (OAR) 345-021-0010(aa) requires proponents to provide information about electromagnetic fields related to transmission lines. As the West End Solar Project does not include a proposed transmission line and will interconnect with one of the existing transmission lines that intersect with or run parallel to the site boundary, OAR 345-021-0010(aa) does not apply.
