Population Forecasting is mandated by ORS 197.639(6) to be the highest priority use of grant funds for the department. The grant is for preparation of city and county population forecasts for the entire state on a four-year cycle. The entity receiving funds:

PSU - Population Research Center - \$848,080

**Oregon Department of Land Conservation and Development
General Fund Grants for the 2023-25 Biennium**

Columbia River Gorge Scenic Area grants are to assist counties in their responsibilities in planning and implementing the requirements of the Columbia River Gorge National Scenic Area Act. The counties received the following amounts:

Hood River - \$90,000, Multnomah - \$80,000, Wasco - \$100,000

A **Dispute Resolution** grant assists in providing collaborative dispute resolution services related to land use disputes. The entity receiving funds:

PSU - Land Use Dispute Mediation Services - \$20,000

Technical Assistance grants assist local governments in the update or land use plans, ordinances, or other needed planning projects outside periodic review.
