PRACTICING ON AN EXPIRED LICENSE?

The Board has been reviewing quite a few cases regarding licensees and permit holders that continue to practice once their license has expired.

The Licensee and Permit holder may be: assessed a civil penalty; reported to the National Practitioners Data Base (NPDB); reported to the credentialing agencies AND their employer is also held accountable to include civil penalties.

This situation is very easily avoided.

- * Check your License or Permit Expiration
- * DO NOT Practice if your License or Permit has expired
- * Contact the OBMI if you have any questions, we are here to help
- * Renew ONLINE early to avoid any delay in the processing of your renewal

If you have ANY questions, please email Thomas.King@regon.gov
