Farm to Summer Celebration Week Challenge: July 11-15, 2022

We encourage Summer Food Service Program (SFSP) Sponsors to take the pledge and participate in the [Farm to Summer Celebration Week!](#)

Chickens and Eggs in School Gardens

Have you ever considered raising chickens in your school garden? Currently, we show that at least 35 schools in Oregon have school gardens that raise chickens. Many ask the question, "Can I sell our eggs to the public?" (this is pretty easy, actually) and "Can I use our eggs in the cafeteria?" (nope, unless you're USDA inspected, which is a pretty expensive and difficult process). To find out more, go to our [Chicken and Pollinator web page](#).

Oregon State University Extension has also just published [Oregon Farm Direct Marketing: Selling Eggs - A Guide for Farmers and Market Managers](#). The guide explains in detail the steps needed to sell eggs to farmer's markets.

Farm to Summer Celebration Week Challenge: July 11-15, 2022

Take the [Farm to Summer Celebration Week](#) Pledge!

Summer Food Service Program (SFSP) Sponsors are encouraged to pledge to do the following during Farm to Summer Week - July 11- 15, 2022:

- Serve a minimum of one local food
- Provide a minimum of one food enrichment activity (in-person or virtually depending on local conditions)
- Share Farm to Summer Celebration Week successes at least once through social media, websites, or another outlet

Awards (a pear trophy!) will go to the top three sponsors that meet all three requirements of the challenge.

No effort is too small! You can source one item or all foods locally.

How do I take the Pledge? Contact us at FarmtoCNP@ode.oregon.gov and let us know you plan to participate.

SY 2022-2023 FFVP Applications Now Open!

Applications for FFVP SY 2022-2023 can be found on the [FFVP webpage](#). These funds will cover any FFVP costs your participating schools incur between October 1, 2022 and September 30, 2023.

If you currently have a school that participated in SY 2021-2022 and it is still over 50% free and reduced, no action is necessary for those particular schools as they will automatically be re-enrolled.

Some helpful points to remember if you are interested in applying for the FFVP grant:

- The U.S. Department of Agriculture (USDA) administers the FFVP at the Federal level.
- The Oregon Department of Education (ODE) administers the FFVP at the State level.
- FFVP sub-grants are awarded to schools, not school districts.
- Only elementary schools (defined as K-8) are eligible.
- Awards are granted to those schools representing the highest percentage of students certified for free & reduced price benefits.
- Only schools participating in the NSLP are eligible.

We will be accepting applications for SY 2022-2023 until **September 1, 2022.**

Applications will be reviewed and turned around quickly after this date. An application does not guarantee an award, as we will prioritize schools with the highest need based on F&R%. If you would like a list of free and reduced percentages for schools in your district that are not currently enrolled in the FFVP please let me know.

Applications can be sent to:
FarmtoCNP@ode.oregon.gov
