Social Determinants of Health

SDOH Mission	The Social Determinants of Health Team, strives to be <u>equity in action</u> , in service to Oregon communities.
Foundational Goals:	<ol style="list-style-type: none">1. Engaging Oregon communities through shared leadership and decision-making will aid us in addressing systemic and institutional health inequities.2. Increasing residential treatment capacity and supportive housing services will lead to improved stability in people's lives and better overall health and wellbeing.

Our Hope for Today

What we hope to accomplish today includes.

- ✓ Informing you all about the Request for Grant Applications (RFGA) that will be issued tomorrow, April 29, 2022.
- ✓ Proactively share what we are allowed to discuss about the RFGA.
- ✓ Provide accurate, foundational information about the intent of the funding e.g., this is one-time funding and is not an ongoing funding source.
- ✓ To begin to build bidirectional trust and develop a partnership.
- ✓ To change the narrative of what it looks like to work with us.
- ✓ That you leave the meeting today:
 - With a clear understanding of what we have to offer in the way of funding.
 - With a sense of confidence in completing the application for funding.

Regional Development & Innovation Initiative

➤ **Funded under HB 5024**

Includes \$65 million in one-time funds available through the American Rescue Plan Act and \$65 million General Funds.

- This 2021-2023 initiative is an investment to increase:
 - Oregon's licensed residential treatment and supportive housing for people with behavioral health service needs
- Funds support capital, startup, and operational costs
- Implemented through a phased rollout with oversight and consultation at all steps of planning and implementation
- First Request for Proposal issued on December 30, 2021
- The next RFGA will be issued on April 29, 2022

Community Engagement

Planning Grants:

- \$5 million in Planning Grants – 104 awards:
 - \$50,000 each, to community mental health programs, tribes, Regional Health Equity Coalitions, and other community organizations
- To conduct research and identify community needs
- Assess the feasibility of potential projects
- Conduct other planning activities aimed at increasing residential facility and housing capacity

3 Progress Reports:

1. Preliminary Report – December 31, 2021
2. Mid-Progress Report – April 30, 2022
3. Final Recommendations Report – Aug. 15, 2022

COMMUNITY

April 29, 2022, Request for Grant Applications (RFGA)

- *The April 29, 2022, RFGA is for one-time funding for two types of housing serving people with a serious and persistent mental illness:*
 - *Supportive Housing is independent rental housing with services. Eligible uses of the funds include new construction or acquisition of an existing building and renovation.*
 - *Licensed Residential Homes and Facilities provide a high-level of care with 24/7 staffing. Eligible uses of funds include new construction or acquisition of an existing building and renovation. Additional funding available is for startup to support the setting-up of a home or facility and the first two months of operations including staff recruitment and training.*

Request for Grant Applications (RFGA) Process Timeline:

	RFGA Dates	RFGA Process
1	04/29/22 – 07/29/22	RFGA for acquisition, construction, renovation, and startup expenses are posted for 3 months.
1a	08/01/22 – 08/31/22	Applications are evaluated and respectively awarded.
2	09/01/22 – 11/30/22	RFGA for acquisition, construction, renovation, and startup expenses are posted for 3 months.
2a	12/01/22 – 12/31/22	Applications are evaluated and respectively awarded.
3	01/01/23 – 03/31/23	RFGA for acquisition, construction, renovation, and startup expenses are posted for 3 months.
3a	04/01/23 – 04/30/23	Applications are evaluated and respectively awarded.

FAQ Responses

- *The December 30, 2021, Request for Proposal (RFP) for licensed residential treatment facilities focused on 4 priority populations: 1. Aid & Assist, 2. Guilty Except Insanity, 3. Civil Commitment, 4. Children with Severe Emotional Disturbance (SED).*
 - *The April 29, 2022, RFGA is broader than the December 30, 2021, RFP.*
- *The evaluation team will be selected based on their well-rounded level of subject matter expertise respective to the requirements of the application.*
 - *Attention will be paid to ensuring representation of perspectives and experiences.*
- *With the goal of ensuring access throughout Oregon, geographic representation of residential treatment will be a consideration of the RFGA and awards.*

Healthy People 2030

Retrieved April 26, 2022, from the Healthy People 2030 website, U.S. Department of Health and Human Services, Office of Disease Prevention and Health Promotion.

According to Healthy People 2030, the social determinants of health (SDOH) are the conditions in the environment that affect our overall health and quality of life.

There are five main kinds of SDOH:

- **Economic stability:** Such as job opportunities and income
- **Education access and quality:** Such as the level of education we complete, how well we read or our preferred written or spoken language
- **Health care access and quality**
- **Neighborhood and built environment:** Such as neighborhood access to safe and stable housing, transportation, healthy food and opportunities for physical activity; air and water quality
- **Social and community context:** Such as racism, discrimination, conditions in the

Health Authority (OHA) Social Determinants of Health team strives to advance equity, in action, in service to Oregon communities. The team shares these strategic goals:

- Engage Oregon communities through shared leadership and decision-making to address systemic and institutional health inequities.
- Increase residential treatment, facility capacity and housing services to improve housing stability, access to appropriate care, and overall healthier outcomes.

The team works with community partners to identify funding opportunities that help communities throughout Oregon lead projects to improve the social determinants of health.
