Wraparound

A process that allows for families, community and involved agencies to join together to help youth and young adults achieve success within their home, community, school and/or work settings.

Wraparound Team & Plan

- Wraparound works to bring together a team that supports the youth/young adult and the family through the challenges they are facing.
- The youth/young adult and their family choose who they want as a part of their team and work with their team to create goals and a team mission.
- The team works to develop a plan that is individualized and supported by the strengths of the youth/young adult and the family.
- Wraparound believes the best outcomes are achieved when youth/young adults and their family work with their team and guide their own meetings. The formula is simple but powerful.

How Does Wraparound Help?

Upon being approved for Wraparound, you will be introduced to a Wraparound Care Coordinator who will help guide you through the Wraparound process and support you in identifying your strengths, needs and develop your family's goals. You will have access to a Youth Peer and/or Family Peer Partner who aim to support the voice and choice of the youth/young adult and family through a framework of self-advocacy and empowerment. Youth and Family Peer Partners offer the benefits of support through their own lived experience.

Why Should I Participate?

- You will learn strategies to help you maintain and build success in your home, community school and/or work settings.
- You will gain support in identifying your strengths and finding ways to build on these.
- You will learn and gain confidence in navigating community systems.
- You will receive appropriate services and supports based on your needs.
- Wraparound is a trauma informed, evidence-based practice.

The 10 Wraparound Principles:

- * Family Voice & Choice
- * Team Based
- * Natural Supports
- * Collaboration
- * Community Based
- * Culturally Competent
- * Individualized
- * Strengths-based
- * Persistence
- * Outcome Based
