

Oregon Performance Plan #31 (a)

Performance Plan Section: Acute Psychiatric Care

Performance Plan Term: OHA will reduce recidivism to acute care psychiatric facilities, and OHA will take the following steps:

- a. OHA will monitor and report the 30 and 180 day rates of readmission, by acute care psychiatric facility.
- **Definition:** An “Acute Care Psychiatric Facility” or “Acute Care Psychiatric Hospital” is a hospital that provides 24 hour-a-day psychiatric, multi-disciplinary, inpatient or residential stabilization, care and treatment, for adults ages 18 and older with severe psychiatric disabilities. (Oregon Performance Plan).

Data Source:

- Medicaid Management Information System (MMIS).

Description of Data:

Acute care psychiatric hospital admissions and discharges are billed to Medicaid and stored in the Medicaid Management Information System (MMIS).

Performance Plan Metrics:

- **Metrics:** % of discharges with readmissions to acute psychiatric care hospital within 30 and 180 days of discharge from hospitalization for a psychiatric reason and reported by an acute care psychiatric facility.
- **Numerator:** Count of individuals with SPMI readmitted to acute care within 30/180 days.
- **Denominator:** Count of individuals with SPMI discharged from acute care.
- **Other / Description of Data Points:**

Data issues/caveats that affect performance outcomes:

- Data points are triggered at an individual’s initial admission to an acute care psychiatric facility. Readmission within 30 or 180 days, even if the readmission occurs at a different facility, is assigned to the first hospital. In other words, the initial hospitalization serves as the “anchor date”, and allows calculation and data capture for readmissions within the specified timeframe.

Baseline: Calendar Year 2015, by Hospital		
HOSPITALS	30-day	180-day
Asante Rogue Regional Medical Center (Rogue Valley)	6.5%	16.5%
Bay Area Hospital	11.5%	22.4%
Good Samaritan Regional Medical Center	8.7%	18.1%
*Legacy Emmanuel Medical Center	6.8%	20.4%
*Legacy Good Samaritan Medical Center	12.4%	24.9%
*Oregon Health Sciences University	9.9%	19.0%
Peace Health - Sacred Heart Medical Center	7.0%	17.0%
*Portland Adventist Medical Center	13.5%	26.9%
Providence Portland Medical Center	8.7%	25.5%
Providence St. Vincent Medical Center	8.2%	22.4%
Salem Hospital	8.8%	20.1%
St Charles Health System Sage View	6.6%	15.3%
NUMBER OF DISCHARGES (ID X DISCHARGE DATE)	9.2%	21.3%

*Acute Care Psychiatric Facilities noted above will be closing their psychiatric units and transferring that capacity to Unity Center for Behavioral Health, effective January 1, 2017.

Baseline: Calendar Year 2015	
Numerator	409/946
Denominator	4,431
Baseline Outcome	9.2% / 21.3%
