Subject: New customary charge for ASAM Level 3.7 R services

The Oregon Health Authority (OHA) has updated its fee-for-service claim system to reflect the rate for substance use disorder (SUD) residential treatment services provided at ASAM Level 3.7 R. The April 2024 [Behavioral Health Fee Schedule](#) now reflects the new services.

OHA will reimburse this level of services at \$647.00 per day using codes H0018 (up to 30 days of service) and H0019 (beginning day 31) for certified SUD residential treatment providers enrolled with Oregon Medicaid.

Why is this happening?

Oregon is adding reimbursement for ASAM Level 3.7 R as part of the continuum of care described in Oregon's SUD 1115 Demonstration Waiver.

What should you do?

All fee-for-service IMD providers:

To bill OHA for Level 3.7 R services, apply for a new National Provider Identifier. Then enroll with Oregon Medicaid using the new NPI. OHA will issue a new Oregon Medicaid ID to be used only for billing Level 3.7 R services.

- Instructions and forms are on the [OHP Provider Enrollment page](#).
- Providers must submit their Level 3.7 ASAM certification with the new enrollment application.

CCOs:

Update provider reimbursement schedules and contracts as applicable to reimburse for Level 3.7 R services as described above.
