

We envision an Oregon where everyone is healthy and thriving, with access to affordable, nutritious and culturally appropriate food. We raise awareness about hunger, connect people to nutrition programs and advocate for systemic changes to end hunger in Oregon

Everyone
has the
right to
be free
from
hunger

Together we can end hunger

Learn

We listen to people with lived experience of hunger and raise awareness of the causes and consequences of food insecurity

A recent qualitative research report, [Finding Food Security](#), lifts up the voices of people utilizing SNAP and is available on our website. We also compile data on the current indicators of the [Status of Hunger](#).

Connect

We help connect people and communities to federal nutrition programs. Through outreach, training, and technical assistance and mobilizing partners, we help close the gap between those who need assistance and those who are being served.

SNAP Outreach- We hold focus groups and conduct “Secret Shopping” to evaluate service, provide application assistance with partners serving seniors, train groups statewide and online on SNAP outreach, and design outreach materials and tools.

Oregon is the
only state in
the nation to
see an
increase in
hunger in
recent years
and we now
rank among
the most
food insecure
in the US

Connect

Child Nutrition Programs- We are focused on boosting child participation in School Breakfast and Summer Meals. In addition to marketing and outreach, our November School Breakfast Challenge and Summer Meal Support Fund build local capacity to expand access. We also convene the child hunger prevention "community" through summits, trainings and workgroups.

Advocate

We support policies that lift people out of poverty and improve nutrition assistance in Oregon. We equip emerging leaders through our **Hunger-Free Leadership Institute** and convene the experts of the Oregon Hunger Task Force to make recommendations for action to the state.

We recently launched the **Hunger-Free Action Network**, and invite hunger prevention stakeholders to join us in advocacy through monthly conference calls and action alerts.
