Investments held less than three years generally have IRRs that are non-meaningful, and are therefore labeled N/M.

Warning: Due to a number of factors, including most importantly a lack of valuation standards in the real estate industry, differences in the pace of investments across partnerships and the understatement of returns in the early years of a partnership's life, the IRR information in this report DOES NOT accurately reflect the current or expected future returns of the partnership. The IRRs SHOULD NOT be used to assess the investment success of a partnership or to compare returns across partnerships. The IRRs in this report HAVE NOT been approved by the individual general partners of the partnerships.
