### ISSUANCE OF BONDS

#### **170-061-0000**

#### **Notice and Reporting Requirements by Public Bodies When Issuing Bonds**

- (1) Terms used in OAR 170-061 shall have the meanings given in ORS Chapters 286A and 287A unless otherwise specifically defined herein.
- (2) Definitions.
- (a) "MDAC" means the Oregon Municipal Debt Advisory Commission, including OST when acting as staff for the MDAC pursuant to 287A.632(3).
- (b) "OST" means the Office of the State Treasurer.
- (c) "Bond marketing date" is the date the public body and underwriter or placement agent agree on the market terms of the bonds. For competitive bid bonds this is the date bids are opened and the bonds are awarded to public bidders pursuant to a published notice of bond sale. For negotiated sales or private placements this means the date the public body gives the verbal award to the underwriter or placement agent.
- (d) "Called bonds" are bonds for which the public body has exercised the option or requirement to redeem before the stated maturity date. The call date is the date the bond may be redeemed.
- (e) "Closing" means the date the bonds are delivered to the initial bond purchaser and the public body receives payment for the bonds.
- (f) "Delivery date" means the date shown by the United States Postal Service or other delivery services' cancellation mark or, if provided electronically, the delivery date is the date shown as electronically received by the OST.
- (g) "Governing body" means the person, board, commission, council, officer or other body authorized to direct the issuance of bonds.
- (h) "Issuer" means a public body or the State Treasurer.
- (i) "Official statement" means the document published by a state agency or public body that discloses material information on the issue of bonds including the purposes of the issue, repayment methods, and the financial, economic and social characteristics of the issuing government. A final official statement is printed after the final terms of the bonds are available.
- (j) "Paying officer" means the public officer, other than a fiscal or paying agent, to whom bonds may be presented for payment.
- (k) "Public body" means those entities described in ORS 287A.001 and an intergovernmental entity formed pursuant to ORS 238.695.
- (l) "State agency" means a related agency defined in ORS 286A.001(8).
- (m) "True Interest Cost" (TIC) means the annual discount rate that, when used to discount all debt service payments on the issue to the date of initial delivery of the issue, using a compounding interval equal to the interest payment periods for the issue, results in the aggregate present value of such debt service payments being equal to the original purchase price (including accrued interest) of the issue.
- (n) "Independent SEC-registered advisor" has the meaning given in ~~Oregon Laws 2019, chapter 355, section 23(4)~~ ORS 238.697(4).
- (o) "Pension Obligation Bonds" means ~~issuance of bonds authorized under ORS 238.694 revenue bonds authorized under ORS 238.694 and ORS chapter 287A for the purpose of obtaining funds to pay the pension liability of a public body.~~
- (p) "Public Offering" means a sale for which an issuer publicizes the upcoming bond issue, provides the timeframe and platform for which bids will be accepted, and provides any additional guidelines or details

related to the bond issue and for which the winning bidder(s) generally is the bidder who has offered the lowest total interest costs, including all costs of issuance and underwriter fees.

(q) "Private Placement" means a sale in which funds are provided through direct negotiation with one or more private or governmental entities, effectively providing a loan that must be repaid over time. Private placements do not require many of the disclosure requirements found in public offerings and are not publicly issued or publicly traded.

(r) "Limited Offering" means a sale in which the bonds are offered and sold to a limited number of investors that meet certain established standards for qualifying as a purchaser of the bonds and the offering is exempt from the provisions of Securities and Exchange Commission Rule 15c2-12 because the bonds are sold in authorized denominations of \$100,000 to no more than 35 persons each of whom the underwriter reasonably believes:

(B) is not purchasing for more than one account or with a view to distributing the securities.

(s) "Pension Bond Assessment" means the statistically based assessment from an independent economic or financial consulting firm required under ORS 238.697(1)(a).

For a bond sale of \$15 million or less by two or more state agencies, each agency will be charged the greater of (i) \$9,000 or (ii) \$7,500 for each series sold for the agency. This subsection applies to initial offerings, refundings and restructurings. This subsection does not apply if the bond sale is a private placement conduit as described below in subsection (c).

(b) Agency Bond Issues of more than \$15 million. For a single series bond sale of more than \$15 million, a state agency will be charged \$25,000. For a bond sale of more than \$15 million by a single state agency with multiple series, the state agency will be charged the greater of (i) \$25,000 or (ii) \$8,500 per series. This subsection applies to initial offerings, refundings and restructurings. This subsection does not apply if the bond sale is a private placement conduit sale described below in subsection (c).

(c) Privately Placed Conduit Bonds are bonds that are payable solely from moneys owed by a party other than the State of Oregon, with no recourse for payment to the State of Oregon, do not have a publicly disseminated official statement or other offering circular, and are sold only to one or more sophisticated investors, accredited investors or qualified institutional buyers. A state agency that privately places conduit bonds will be charged: (i) \$6,000 for sales that in aggregate total \$5 million or less, (ii) \$12,000 for sales that in aggregate total more than \$5 million but less than \$10 million, or (iii) \$18,000 for sales that in aggregate total \$10 million or more. This subsection applies to initial offerings, refundings and restructurings.

(d) Tax Anticipation Notes. A state agency will be charged \$35,000 for each sale of tax anticipation notes.

(e) Interest Rate Exchange Agreements. In addition to any other fee, \$25,000 will be charged for the review and approval of a state agency's first executed interest rate exchange agreement for a specific bond program of the agency. After the first agreement, a fee of \$12,000 will be charged for each executed interest rate exchange agreement subsequently entered into by the agency for the same bond program or indenture. These charges do not include costs such as interest rate exchange advisor fees, rating agency charges or printing costs which are payable by the agency or authority for whom the cost is incurred.
