

# Sida Loo Hubiyo Xawaaraha Internet-kaaga

Ka hor maalinta imtixaanka, waa in aad xaqiijisa in uu xawaaraha internet-kaagu yahay mid degdeg badan in ilmahaagu ku qaadan karo imtixaanka guriga adiga oo raacaya tilmaamaha hoose. Xawaaraha internet-ka ee lagu talinayo waa 200 kilobits ilbiriqsigiiba.

Haddii ku xirnaanta internet-kaagu lumo inta ilmahaagu imtixaanka qaadanayo, jawaabaha ilmahaagu ka bixiyo su'aalaha imtixaanka waa la keydin doonaa oo ilmahaagu wuxuu awoodi doonaa in uu dib u bilaabo imtixaanka marka ay dib ugu xirmo internet-ka oo ay mar kale soo galaan. Haddii taasi dhacdo inta lagu jiro imtixaanka, la socodsii macallinka ilmahaaga.

Raac tallaabooyinkan si aad u hubiso xawaaraha internet-kaaga:

## 1. Fur Chrome ama Firefox oo booqo:

[Check my Speed](#) ama [https://bit.ly/check\\_my\\_speed](https://bit.ly/check_my_speed)

## 2. Xulo "I am a student who will be taking a test remotely."

A screenshot of the 'Bandwidth Diagnostic' form. The form has a title 'Bandwidth Diagnostic' and a paragraph of instructions. There are three radio button options: 'I work for the school or district...', 'I am a student who will be taking a test remotely.' (which is selected), and 'I am a test administrator...'. Below this is a question 'Will your webcam be enabled?' with 'Yes' (selected) and 'No' options. At the bottom right is a 'Run Test' button. Three blue arrows point to the selected radio button, the 'Yes' option, and the 'Run Test' button.

## 3. Haddii aad isticmaali doono webcam-kaaga inta lagu jiro imtixaan qaadashada meesha fog la joogo.

## 4. Riix Run Test

A screenshot of the 'Bandwidth Diagnostic' form showing the results. The form has the same title and instructions as the previous screenshot. The radio button options are the same, with 'I am a student who will be taking a test remotely.' selected. Below the webcam question, there are two black boxes with white text: 'Download Speed: 48.016 Mbps' and 'Upload Speed: 14.172 Mbps'. Below these is a green box with white text: 'Given the current network conditions, your available bandwidth meets or exceeds the necessary requirements. (Please note: The throughput estimates include the encryption/decryption overhead for data transfer. Throughput estimates change as the network conditions change and can vary from run to run.)'. At the bottom right is a 'Run Test' button. A blue arrow points to the 'Run Test' button.

## 5. Tijaabada ayaa kuu sheegi doonta haddii xawaaraha internet-kaagu yahay mid degdeg badan.
