INSTRUCTIONS FOR APPLICATION FOR ADMISSION TO ROSTER OF ACCOUNTANTS AUTHORIZED TO CONDUCT MUNICIPAL AUDITS

Applicants must demonstrate that they have completed **Basic (Level 1) and/or Intermediate (Level 2)** courses that meet the minimum hour requirements in subjects that are **directly related** to the government environment. Advanced (Level 3) and Update (Level 4) courses are not accepted for admission to the municipal roster.

SUBJECT REQUIREMENTS:

Audits of State and Local Governments - Courses eligible for credit will focus on **auditing standards generally accepted in the United States of America (GAAS) in a governmental environment** with consideration to planning; risk assessment; methods to audit unique governmental activities, transactions and balances; and related independent auditor reports. Courses eligible for credit in this category will focus on audits of financial statements rather than on federal programs.

Governmental Accounting and Financial Reporting - Courses eligible for credit will focus on accounting principles generally accepted in the United States of America (GAAP) and financial statements as allowed/required under standards promulgated by the GASB for governmental entities. Courses will focus on accounting in a government environment, including preparation of governmental financial statements and CAFRs.

GAGAS - Courses eligible for credit will cover audits conducted in accordance with **Generally Accepted Governmental Auditing Standards (GAGAS)**. These standards are also referred to as the "Yellow Book". Courses in this area will focus on application of, and compliance with general, fieldwork (including documentation), and reporting standards as contained in GAGAS, as well as attestation, performance audit and other standards therein.

Audits of Federal Programs and Related Compliance - Courses eligible for credit will focus on how to perform an audit of Federal programs under current, authoritative guidance. Topics may include planning, risk assessment, understanding applicable compliance requirements, internal controls over compliance, and compliance auditing and reporting as they relate to the audits of Federal programs.

Courses that are specific to a particular type of compliance audit such as HUD or hospitals may not be eligible for credit; applicants must demonstrate that the course provides a basic or intermediate understanding of Federal program requirements.

Oregon Minimum Standards and Local Budget Law – Applicants must complete the OSCP sponsored course on Oregon Revised Statutes and Administrative Rules governing the requirements of audits of Oregon Municipal Corporations and Local Budget Law.
