Accepted disabling claims are occupational injury or disease claims accepted by insurers that entitle workers to compensation for disability or death.

Counts are based on the date the Department of Consumer and Business Services received notification the claim was accepted, which may be different than the date of injury or illness.

Industries are categorized according to the North American Industrial Classification System (NAICS), 2002 edition, unless otherwise specified.

Employees of client leasing firms are reported in the industry in which they were working at the time of injury or illness.

Tenure is the length of time an employee had been working for the employer at the time of injury or illness and may not represent the overall experience of the worker.

- Dashes indicate no claims were received

Source data are continually updated to be as accurate as possible. Report results may vary over time.
