HB 3374

Members of the committee, my name is Lon Holston. Today I speak for myself and as a former injured worker.

I rise in opposition to House Bill 3374.

After serious thought and considerations of House Bill 3374 and its amendments, I am opposed to the bill in current form.

As I have testified twice in regards to House Bill 3374, I stand by my previous testimony.

I do appreciate the interest that this bill has generated, regarding access to care. I think we can all agree that this is a serious problem that needs to be addressed by all of the stakeholders within the workers compensation system here in Oregon. I look forward to working with them.

Sincerely,

Lon Holston
