How to find a course

There are two ways to get to an iLearn course.

1. Your instructor may provide you a link.
2. Search the iLearn Learning Catalog.

Direct link

If you receive a course announcement with a direct link to the course, click on the link.

1. A new window will open with the iLearn log in screen.
2. Please log in.
3. After logging in, you’ll go directly to the course.

Search the Learning Catalog

When you don’t have a direct link, you’ll need to search the Learning Catalog. You can do this from the Search Catalog field (1) at the top of the page, or (2) on the side of your homepage.

1. Enter the course name, part of the name, or a keyword in the search field and click the Search icon.
2. Under Search Results, click any item to access the course.

(1) Narrow the search by selecting Categories, Content Type or Course Provider.
(2) If any courses are not currently available, check this box (Show available content only) to remove them from your search results.
(3) The search will show a list of all the content in iLearn. Content will be identified as classroom or online courses, documents, curriculums and more.

**NOTE:** Classes offered by the Department of Human Services all begin with **DHS**. Classes offered by Oregon Health Authority begin with **OHA**. Classes offered by both organizations begin with **DHSOHA**. Trainings by other agencies will begin with their acronym (e.g. DAS, OED, BOLI).
