Popup Window Blockers: How to turn them off

Before you take an online course in iLearn, be sure to turn off the popup window blocker in your browser. Here’s how.

• **Edge** (in Windows 10 only).
  1. In the upper-right corner, click the three horizontal bars (Settings and more).
  2. Click **Settings** and scroll down to **View Advanced Settings**.
  3. Change **Block pop-ups** to **Off**.
  4. Close and re-open Edge, log into your iLearn account and try taking the course again.

• **Firefox**
  1. Open Firefox.
  2. In the upper-right corner, click the 3 horizontal bars.
  3. From the dropdown menu, select **Options**.
  4. Depending on your version of Firefox:
     a. Click the **Content** tab. Under **Pop-ups**, uncheck **Block pop-up windows**.
     or
     b. Click **Privacy & Security**. Uncheck **Block pop-up windows**.
  5. Close and re-open Firefox before logging into your iLearn account.

• **Internet Explorer - IE**
  **NOTE:** For many online courses, IE is no longer recommended as a browser.
  1. Open your IE browser. Click the Tools gear in the upper-right corner, or click Alt+x.
  2. From the dropdown menu, choose **Internet options**.
  3. Click the **Privacy** tab.
  4. Under Pop-up Blocker, uncheck **Turn on Pop-up Blocker**. Click **Apply** and **OK**.
  5. Close & re-open IE, then login to your iLearn account and try again.
