- Please advise youth that Chafee Housing services vary from state to state. They should make certain to check with a state prior to moving.

ILP services are available to former foster youth that were discharged from care at age 16 or older with at least 180 days (six months) of foster care placement services after age 14. Youth can be returned home, in a guardianship, or living independently and still retain eligibility for some ILP services. The ILP Housing services are the only ILP services a former foster youth will lose if discharged after age 16 and prior to age 18 (with 180 days of care).

To access services as a former foster youth, the youth will need to go to the local DHS child welfare office and request “voluntary services.” The youth will then go through the intake process. If the youth is under the age of 18, the parent(s) will need to sign the Voluntary Services request (form CF 304). If a young adult (age 18 – 20), the youth can sign for themselves. All services end at age 21 – ETV may be an exception.
