# STAFFING IN COMMUNITY-BASED CARE SETTINGS IN OREGON

**8%**  
AL direct care staff were certified

**72%**  
AL with full-time RN

**11%**  
RC direct care staff were certified

**62%**  
RC with full-time RN

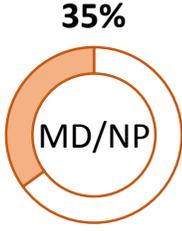

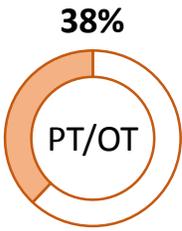

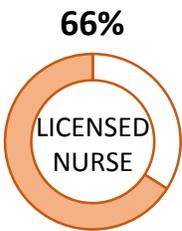

**10%**  
MC direct care staff were certified

**58%**  
MC with full-time RN

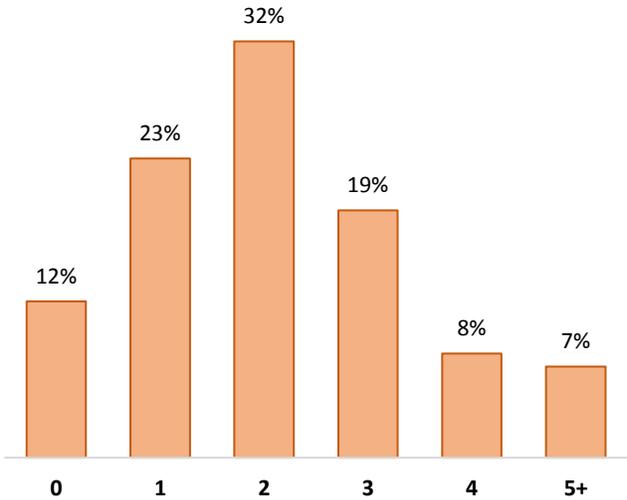

AL, RC, and MC communities are not required to employ care staff who have a health care license (LPN/LVN) or certification (CNA/CMA) or to employ a full-time RN, though many do so. They must hire sufficient staff to meet the needs of current residents.

## ADULT FOSTER HOME STAFFING INFORMATION

### Four Most Common Visits to Home by Health Service Professionals<sup>2</sup>

### Number of Caregivers Employed

<sup>2</sup> Physical therapist (PT), occupational therapist (OT), medical doctor (MD), nurse practitioner (NP)

**85%**  
Providers who lived at their AFH

**42%**  
Homes that employed at least one caregiver

**24%**  
Homes that employed a resident manager

**22%**  
Providers who were licensed as CNAs

**17%**  
AFH owners who might sell/transfer AFH in the next 5 years

Oregon DHS contracted Portland State University's Institute on Aging to conduct a survey of a statewide sample of adult foster homes in 2015. Results are based on provider responses to a self-administered questionnaire. A total of 316 adult foster homes with 1,218 residents responded for a 51% response rate.
