Part III—Interest on underpayments (see instructions)

Table with 4 columns (a, b, c, d) and rows 22-30. Row 22: Enter the amount of underpayment from line 10. Row 23: Date estimated payment was due. Row 24: Date underpayment was paid or the due date of the following installment. Row 25: Number of full months between dates on lines 23 and 24. Row 26: Number of days in a partial month between dates on lines 23 and 24. Row 27: Number of full months on line 25 x monthly interest rates x line 22. Row 28: Number of days on line 26 x daily interest rates x line 22. Row 29: Interest due (line 27 plus line 28). Row 30: Total interest due [add line 29, columns (a), (b), (c), and (d)].

Enter the amount from line 30 above on the "interest on underpayment of estimated tax" line of Form 20, Form 20-I, Form 20-S, or Form 20-INS. Attach this form to your return and check the "Form 37" box.

Form 37 instructions

Note: You are not subject to charges for interest on underpayment of estimated tax and are not required to complete this form if the tax liability on your prior year return was not over \$10, and the prior year return covers a period of 12 months, and you are not a high-income taxpayer.

A "high-income taxpayer" is one that had federal taxable income, before net operating loss and capital loss carryovers and carrybacks, of \$1,000,000 or more in any one of the last three tax years, not including the current year.

Line 12—Exception 2. To qualify to use this exception, your prior year return must: (1) cover a period of 12 months; and (2) show a tax liability.

If you are a high-income taxpayer, exception 2 only applies to the first installment payment, and any reduction to the first installment payment due to exception 2 must be added to the second installment payment.

The reduction amount that must be added to the second installment is the lesser of the exception amounts on lines 11, 13, and 14 in column (a), minus the exception 2 amount on line 12 in column (a).

Add the reduction amount to the lesser of the exception amounts on lines 11, 13, and 14 in column (b) and enter the result on line 3 as the required second installment.

Line 13—Exception 3. This applies to taxpayers using the annualized income installment method. See the instructions for lines 15 and 17.

Line 14—Exception 4. This applies to taxpayers with recurring seasonal income. The taxpayer must pay, by each installment due date, an amount equal to 100 percent of the amount by applying

Section 6655(e)(3)(C) of the Internal Revenue Code (IRC) to Oregon taxable income. Attach a schedule of your computation.

Line 15—Annualization periods. If you did not elect to use the optional annualization periods for federal purposes allowable under section 6655(e)(2)(C) of the IRC, you must use the standard Oregon annualization periods provided in ORS 314.525(2)(c)(A). If you elected to use the optional annualization periods for federal purposes, you must use the same annualization periods for Oregon.

Months in Annualization Periods

Table with 5 columns: Standard Oregon Periods, 1st Quarter, 2nd Quarter, 3rd Quarter, 4th Quarter. Rows: Standard Oregon Periods, Federal Option #1, Federal Option #2.

Line 17—Annualization factors. The annualization factor is based on the number of months in the annualization period.

Annualization Factor

Table with 2 columns: Number of Months, Annualization Factor. Rows: Number of Months (2-11), Annualization Factor.

Lines 29 and 30—Interest is computed on the underpayment amount from Part III, line 22. Interest rates may change once a calendar year. The chart below shows the interest rates and effective dates.

Table titled Interest Rates with 4 columns: For Periods Beginning, Annual, Monthly, Daily. Rows: January 1, 2006, January 1, 2007, January 1, 2008, January 1, 2009, January 1, 2010.

Attach to your return if you owe interest or meet an exception and check the "Form 37" box on the return
