Instructions for Schedule OR-7, Oregon Cigar Tax on Cigars Below Cap

Introduction

The Oregon tobacco tax return you must file depends on whether you are an Oregon licensed distributor (Form OR-530), a consumer or other unlicensed person or business (Form OR-531), or a tobacco manufacturer (Form OR-532). Schedule OR-7 is used with, and attached to, your Oregon quarterly tobacco tax return regardless of which return you must file. An individual cigar is below the \$0.50 cap if it cost less than \$0.77.

Use Schedule OR-7 to report purchases, related credits, and sales of cigars below the \$0.50 per cigar cap (cigar). On each form you use, check the box indicating the type of schedule it represents (for example: check box 7A if you are using the form to report untaxed purchases). Don't report purchases, credits, or sales on the same schedule.

Computer printouts

We'll accept computer printouts of cigar transactions in lieu of listing individual purchases, credits, or sales on this schedule. If you want to submit computer printouts, you must also:

1. Use this form as a summary sheet for the accompanying printouts. Complete the top portion of this schedule. Write "see attached" on line 2, and then enter the wholesale price of cigars on line 20, column A, and the total number of single cigars on line 20, column B.
2. Prepare your computer printouts using the same format and columnar sequence as on this form. If your computer can't duplicate our format, you should submit a proposed format for our review. We'll let you know if it's satisfactory or what changes will be required.
3. Use paper measuring $8\frac{1}{2} \times 11$ inches.
