DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order and Authorization

STATE ELECTION NUMBER:

D135017

CLAIMANT:

Alfred Feller
34242 SE Smith Road
Corbett, OR 97019

MEASURE 37 PROPERTY
IDENTIFICATION:

Township 1S, Range 4E, Section 3B
Tax lot 400
Multnomah County

The claimant, Alfred Feller, filed a claim with Multnomah County under ORS 197.352 (2005) (Measure 37) on November 6, 2006, for property located on the south side of Smith Road, near Corbett, in Multnomah County. The claimant did not file a state Measure 37 claim. ORS 195.300 to ORS 195.336 (Measure 49), as amended by Senate Bill 1049 (SB 1049) entitles claimants who filed Measure 37 claims only with the county in which the claim property is located to elect supplemental state review of their claims; and allows the Department of Land Conservation and Development (the department) to authorize one dwelling approval to qualified claimants and, if the property does not include a vacant parcel for the dwelling, a parcel on which to site the dwelling.

The claimant has elected supplemental review of his Multnomah County Measure 37 claim under SB 1049, and has submitted the \$2500 fee required by Section 7(2) of SB 1049 for that review.

This Final Order and Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Relief for Which the Claimant May Qualify

Under Measure 49, as amended by SB 1049, the department may authorize one dwelling approval and, if the property does not include a vacant parcel for that dwelling, a parcel on which to site the dwelling.

B. Qualification Requirements

To qualify for a dwelling approval under Section 6 of Measure 49, as amended by SB 1049, the claimant must meet each of the following requirements:

1. Timeliness of Claim

To qualify for approval of a dwelling under Measure 49, as amended by SB 1049, a claimant must have filed, and not withdrawn, a valid Measure 37 claim with the county in which the claim property is located before Measure 49 became effective on December 6, 2007; and the county must have provided a certified copy of the claim to the department no later than June 30, 2010.

Findings of Fact and Conclusions

The claimant, Alfred Feller, filed a Measure 37 claim, T1-06-077, with Multnomah County on November 6, 2006. Multnomah County provided a certified copy of that claim to the department on June 24, 2010.

The claimant filed a timely Measure 37 claim with Multnomah County in order to be eligible for supplemental review under SB 1049.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the fulfillment deed submitted to the county by the claimant, Alfred Feller is the owner of fee title to the property as shown in the Multnomah County deed records and, therefore, is an owner of the property under Measure 49.

Multnomah County has confirmed that the claimant is the current owner of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Majority of the Measure 37 Claim Property Is Located Outside Any Urban Growth Boundary and Outside the Boundaries of Any City or the Measure 37 Claim Property is Located within the Boundaries of A City and Entirely Outside Any Urban Growth Boundary

Either the majority of the Measure 37 claim property must be located outside any urban growth boundary and outside the boundaries of any city or the Measure 37 claim property must be located within the boundaries of a city and entirely outside any urban growth boundary.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Multnomah County, outside any urban growth boundary and outside any city boundary, near the community of Corbett.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Exclusive Farm Use (EFU) by Multnomah County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use. Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The claimant's property consists of four acres in one parcel and is developed with no dwellings. Therefore, state land use regulations prohibit the claimant from establishing one dwelling on the Measure 37 claim property.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimant, it does not appear that the establishment of the dwelling for which the claimant may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Multnomah County deed records indicate that the claimant acquired the property on July 5, 1977.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Multnomah County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On July 5, 1977, the Measure 37 claim property was zoned Forest (F-2) by Multnomah County. Multnomah County's F-2 zone required a minimum of two acres for the establishment of a new lot or parcel and allowed a dwelling on an existing lot or parcel. However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on July 5, 1977. Accordingly, the statewide planning goals, and in particular Goal 4 and ORS chapter 215 applied directly to the Measure 37 claim property when the claimant acquired it.

On November 6, 1980, the Commission acknowledged the application of Multnomah County's Exclusive Farm Use (EFU) zone to the Measure 37 claim property. The Commission's acknowledgement of Multnomah County's EFU zone confirmed that zone's compliance with Goal 3 and ORS chapter 215. Multnomah County's acknowledged EFU zone required 80 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimant's property consists of four acres. Therefore, on the claimant's acquisition date, he could not have established any additional parcels on which a dwelling could be established in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. SB 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the

number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that subject to consistency with local land use regulations in effect when they acquired the Measure 37 claim property, claimants whose property consists of less than 20 acres were lawfully permitted to establish one home site.

The Measure 37 claim property consists of four acres and is undeveloped. Therefore, based on the analysis under SB 1049 (2010), the claimant was lawfully permitted to establish a dwelling on the Measure 37 claim property on his date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on November 16, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice.

III. CONCLUSION

Based on the analysis above, the claimant qualifies for one dwelling. Because the property is currently undeveloped, the dwelling must be sited on the existing parcel within the Measure 37 claim property, and the claimant does not qualify to create an additional parcel on which to site the dwelling. Therefore, the one dwelling approval the claimant qualifies for under Section 6 of Measure 49, as amended by SB 1049, will authorize the claimant to establish one dwelling on the Measure 37 claim property.

IV. AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimant qualifies for one dwelling approval. As explained in section III above, the claimant is authorized for one dwelling on the property on which the claimant is eligible for Measure 49 relief, subject to the following terms:

1. The establishment of a dwelling based on a Measure 49 authorization must comply with all applicable standards governing siting or development. However, those standards must not be applied in a manner that prohibits the establishment of the dwelling unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. An authorization under Measure 49 does not allow the establishment of a dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed.
4. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimant may choose to convert a temporary dwelling

currently located on the property on which the claimant is eligible for Measure 49 relief to an authorized home site pursuant to a Measure 49 dwelling approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.

5. An authorization under Measure 49 only allows the establishment of a new dwelling on the property for which the claimant is eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed, or on Measure 37 claim property on which a claimant is not eligible for Measure 49 relief.
6. The claimant may use an authorization to convert an unauthorized or nonconforming dwelling currently located on the claim property into an allowed use.
7. The claimant may not implement the relief described in a Measure 49 authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then any Measure 49 authorization for the property will be void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be authorized using this approval.
8. An authorization under Measure 49 does not allow the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimant may be required to partition a lot or parcel currently in existence on the Measure 37 claim property so that the authorized dwelling established on the property is sited on a separate lot or parcel.
9. Because the property is located in an exclusive farm use zone, the owner must comply with the requirements of ORS 215.293 before beginning construction.
10. If an owner of the property is authorized by other home site approvals to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.

11. Once the department issues a final authorization, a dwelling established pursuant to that authorization will run with the property and will transfer with the property. An authorization will not expire, except that if a claimant who received an authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized dwelling and lot or parcel, within 10 years of the conveyance. A lot or parcel lawfully created based on this authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on this authorization is a permitted use.

IT IS HEREBY ORDERED that this Final Order and Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
