

**OREGON DEPARTMENT OF LAND CONSERVATION AND  
DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW  
OF MEASURE 37 CLAIM  
Final Order of Denial**

**STATE ELECTION NUMBER:** E130788

**CLAIMANTS:** Gail W. and Jean F. Hayes  
8772 Boulder Ridge Court Southeast  
Salem, Oregon 97317

**MEASURE 37 PROPERTY  
IDENTIFICATION:** Township 8S, Range 2W, Section 21  
Tax lot 400  
Marion County

The claimants, Gail and Jean Hayes, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 15, 2006, for property located on 4 J Lane Southeast, near Turner, in Marion County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants. This Final Order of Denial is the conclusion of the supplemental review of this claim.

**I. ANALYSIS OF CLAIM**

**A. Maximum Number of Home Sites for Which the Claimants May Qualify**

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested one home site approval in the election material. The Measure 37 waiver issued for this claim describes one home site, subject to the claimants' compliance with the applicable standards in effect on April 15, 1987. Therefore, the claimants may qualify for a maximum of one home site approval under Section 6 of Measure 49.

**B. Qualification Requirements**

To qualify for a home site approval under Section 6 of Measure 49 the claimants must meet each of the following requirements:

### **1. Timeliness of Claim**

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

### **Findings of Fact and Conclusions**

The claimants, Gail and Jean Hayes, filed a Measure 37 claim, M130788, with the state on November 15, 2006. The claimants filed a Measure 37 claim, M06-136, with Marion County on November 15, 2006. The state claim was filed prior to December 4, 2006. The claimants timely filed a Measure 37 claim with both the state and Marion County.

### **2. The Claimant Is an Owner of the Property**

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) if the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

### **Findings of Fact and Conclusions:**

According to the deed submitted by the claimants, Gail and Jean Hayes are the owners of fee title to the property as shown in the Marion County deed records and, therefore, are owners of the property under Measure 49. Marion County has confirmed that the claimants are the current owners of the property.

### **3. All Owners Have Consented in Writing to the Claim**

All owners of the property must consent to the claim in writing.

### **Findings of Fact and Conclusions:**

All owners of the property have consented to the claim in writing.

### **4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City**

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

**Findings of Fact and Conclusions:**

The Measure 37 claim property is located in Marion County, outside the urban growth boundary and outside the city limits of the nearest city, Turner.

**5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling**

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

**Findings of Fact and Conclusions:**

The property is currently zoned Special Agriculture (SA) by Marion County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is “agricultural land” as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use (EFU). Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, provide standards for the establishment of a dwelling in an EFU zone. In general and subject to some exceptions, those standards require that the property be a minimum of 80 acres in size in an EFU zone and generate a minimum annual income from the sale of farm products.

The combined effect of the standards for the establishment of a dwelling in an EFU zone is to prohibit the claimants from establishing a dwelling on the Measure 37 claim property.

**6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)**

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

**Findings of Fact and Conclusions**

Based on the documentation submitted by the claimants, it does not appear that the establishment of the one home site for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

**7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49**

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

**Findings of Fact and Conclusions**

Marion County deed records indicate that the claimants acquired the property on April 15, 1987.

On April 15, 1987, the Measure 37 claim property was subject to Marion County's acknowledged SA zone. Marion County's SA zone required 20 acres for the establishment of a dwelling on a vacant lot or parcel. The Measure 37 claim property consists of 8.04 acres. Therefore, the claimants lawfully could not have established a home site on the Measure 37 claim property on their date of acquisition.

**II. COMMENTS ON THE PRELIMINARY EVALUATION**

The department issued its Preliminary Evaluation for this claim on March 5, 2009. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments submitted in response to the Preliminary Evaluation dispute the Department's determination regarding this claim. The claimants' agent asserts that a conditional use process was available at the time the claimants acquired the property, and that the claimants could have applied for a dwelling through that process. Marion County's land development ordinance did include provisions outlining a conditional review process and standards under which a property owner could have sought a conditional use approval for a dwelling on a lot or parcel of less than 20 acres in the acknowledged SA zone, which included the county's authority to apply conditions to any such approval to account for adverse impacts. However, the record established in this case does not establish that the claimants availed themselves of that process, or would have been able to satisfy the requirements had they sought approval through such a discretionary review. Claimants have not established that their currently desired dwelling on an 8.04-acre parcel would have been lawfully permitted under the SA zone requirements in effect in 1987.

**III. CONCLUSION**

Based on the analysis above, the claimants, Gail and Jean Hayes do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish the dwelling on the claimants' date of acquisition.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
