

OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order of Denial

STATE ELECTION NUMBER:

E132283

CLAIMANT:

Gary D. Middleton¹
PO Box 811
Baker City, OR 97814

MEASURE 37 PROPERTY
IDENTIFICATION:

Township 9S, Range 37E, Section 8
Tax lot 1300
Baker County

The claimant, Gary Middleton, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 30, 2006, for property located near Sumpter, in Baker County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of his Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimant May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election material; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested one home site approval in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes one home site. Therefore, the claimant may qualify for a maximum of one home site approval under Section 6 of Measure 49.

¹ Kathleen L. Middleton was claimant under Measure 37; however she did not elect under Measure 49 and, therefore, is not eligible for relief.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimant must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimant, Gary Middleton, filed a Measure 37 claim, M132283, with the state on November 30, 2006. The claimant filed a Measure 37 claim, M37-06-050, with Baker County prior to April 25, 2007. The state claim was filed prior to December 4, 2006.

The claimant timely filed a Measure 37 claim with both the state and Baker County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) if the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deed submitted by the claimant, Gary Middleton is the owner of fee title to the property as shown in the Baker County deed records and, therefore, is an owner of the property under Measure 49.

Baker County has confirmed that the claimant is the current owner of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Baker County, outside the urban growth boundary and outside the city limits of the nearest city, Sumpter.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Mineral Extraction (ME) by Baker County, in accordance with ORS chapter 215 and OAR 660, divisions 16 and 23, because the property contains “mineral and aggregate resources” as defined by Goal 5. Baker County’s ME zone does not allow the establishment of a dwelling except under a conditional use review in which an applicant is required to establish that the dwelling is “necessary and accessory” to mining and requires lots or parcels to be equal to the size of the original mining patent or 20 acres, whichever is smaller.

The claimant’s property consists of 17.07 acres. Therefore, state land use regulations prohibit the claimant from establishing on the Measure 37 claim property the one home site the claimant may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimant, it does not appear that the establishment of the one home site for which the claimant may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Baker County deed records indicate that the claimant acquired the property on January 26, 1980.

The claimant acquired the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Baker County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On January 26, 1980, the Measure 37 claim property was zoned Agricultural (A-2) by Baker County. Baker County's A-2 zone included a fixed minimum acreage standard of 40 acres. The Measure 37 claim property consists of 17.07 acres. Therefore, the claimant was not lawfully permitted to establish any home sites on the Measure 37 claim property on his date of acquisition.

However, the Commission had not acknowledged that zone for compliance with the goals when the claimant acquired the property on January 26, 1980. Accordingly, the statewide planning goals applied directly to the Measure 37 claim property when the claimant acquired it. On May 16, 1986, the Commission acknowledged the application of Baker County's Mineral Extraction (ME) zone to the Measure 37 claim property. Baker County's acknowledged ME zone did not allow the establishment of a dwelling except under a conditional use review in which an applicant was required to establish that the dwelling was "necessary and accessory" to mining and required lots or parcels to be equal to the size of the original mining patent or 20 acres, whichever is smaller. Therefore, on the claimant's acquisition date, he could not have established a home site on the Measure 37 claim property in either the zone as applied to the property on that date or the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

II. COMMENTS ON THE PRELIMINARY EVALUATION

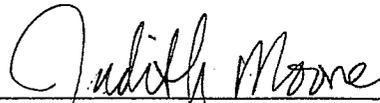

The department issued its Preliminary Evaluation for this claim on March 24, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice.

III. CONCLUSION

Based on the analysis above, the claimant does not qualify for Measure 49 home site approvals because the claimant was not lawfully permitted to establish any home sites on the claimant's date of acquisition.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
