

OREGON DEPARTMENT OF LAND CONSERVATION AND
DEVELOPMENT

ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order and Home Site Authorization

STATE ELECTION NUMBER: E133193^{1,2}

CLAIMANTS: Phillip W. and Kela B. Barton
2740 Willis Creek Road
Winston, OR 97496

MEASURE 37 PROPERTY IDENTIFICATION: Township 29S, Range 6W, Section 3
Tax lots 200, 300, 800 and 1300
Section 3A, Tax lot 1200
Section 4, Tax lots 1200 and 1300
Douglas County

The claimants, Phillip W. and Kela B. Barton, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 1, 2006, for property located at 2740 Willis Creek Road, near Winston, in Douglas County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order and Home Site Authorization is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election

¹ In the preliminary evaluation issued for this claim, the department split the claim into two claims because the Measure 37 claim sought relief for non-contiguous parcels. However, information from Douglas County submitted during the comment period demonstrates that tax lots 200, 300, 800, 1300 (section 3), 1200 (section 4) and 1300 (section 4) are one lot of record and tax lot 1200 (section 3A) is two lots of record. Because the lots of record are contiguous, this claim must be recombined. Therefore, the department has recombined the claim for purposes of this final order and considers the Measure 37 claim property to be three legal lots.

² The claimants also have claim E133185 for property that is not contiguous to tax lots 200, 300, 800, 1300 (section 3), 1200 (section 3A), 1200 and 1300 (section 4).

materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested three home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes 22 home sites. Therefore, the claimants may qualify for a maximum of three home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Phillip W. and Kela B. Barton, filed a Measure 37 claim, M133193, with the state on December 1, 2006. The claimants filed a Measure 37 claim, M37-193, with Douglas County on November 3, 2006. The state claim was filed prior to December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Douglas County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deeds submitted by the claimants, Phillip W. and Kela B. Barton are the settlors of a revocable trust into which they conveyed the Measure 37 claim property and, therefore, are owners of the property under Measure 49.

Douglas County has confirmed that the claimants are the current owners of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Douglas County, outside the urban growth boundary and outside the city limits of the nearest city, Winston.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

Tax lot 1200 (section 3A), Tax lot 1200 (section 4), tax lot 1300 (section 4), the northern 15 acres of tax lot 200, the northern 16.5 acres of tax lot 300 and the northern 13 acres of tax lot 800 of the Measure 37 claim property are currently zoned Exclusive Farm Use-Grazing (FG) by Douglas County, in accordance with ORS chapter 215 and OAR 660, division 33, because the property is "agricultural land" as defined by Goal 3. Goal 3 requires agricultural land to be zoned exclusive farm use (EFU). Applicable provisions of ORS chapter 215 and OAR 660, division 33, enacted or adopted pursuant to Goal 3, generally prohibit the establishment of a lot or parcel less than 80 acres in size in an EFU zone and regulate the establishment of dwellings on new or existing lots or parcels.

The FG-zoned portion of the Measure 37 claim property consists of 72.45 acres. Therefore, state land use regulations prohibit the claimants from establishing on this portion of the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

Tax lot 1300 (section 3), the southern 12 acres of tax lot 200, the southern 31.50 acres of tax lot 300 and the southern 2.06 acres of tax lot 800 of the Measure 37 claim property are currently zoned Farm Forest (FF) by Douglas County in accordance with Goals 3 and 4, as implemented by OAR 660-006-0050. State land use regulations, including applicable provisions of ORS chapter 215 and OAR 660, divisions 6 and 33, generally prohibit the establishment of a lot or parcel less than 80 acres in size in a mixed farm/forest zone, and regulate the establishment of dwellings on new or existing lots or parcels.

The FF-zoned portion of the Measure 37 claim property consists of 48.41 acres. Therefore, state land use regulations prohibit the claimants from establishing on this portion of the Measure 37 claim property the three home sites the claimants may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the three home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Douglas County deed records indicate that claimant Kela Barton acquired tax lot 300 and the one-acre portion of tax lot 800 lying north of Willis Creek Road on May 7, 1968, and claimant Phillip Barton acquired tax lot 300 and the one-acre portion of tax lot 800 lying north of Willis Creek Road on April 12, 1984. Therefore, for purposes of Measure 49, the claimants' acquisition date for tax lot 300 and the one-acre portion of tax lot 800 lying north of Willis Creek Road is May 7, 1968.

Douglas County deed records indicate that claimant Kela Barton acquired the portion of tax lot 800 lying south of Willis Creek Road and tax lots 1200 (section 4) and 1300 (section 4) on May 5, 1992, and claimant Phillip Barton acquired the portion of tax lot 800 lying south of Willis Creek Road and tax lots 1200 (section 4) and 1300 (section 4) on May 28, 1992. Therefore, for purposes of Measure 49, the claimants' acquisition date for the portion of tax lot 800 lying south of Willis Creek Road and tax lots 1200 and 1300 is May 5, 1992.

Douglas County deed records indicate that the claimants acquired tax lot 1300 (section 3) on October 15, 1975, and tax lots 200 and 1200 (section 3A) on May 26, 1992.

On May 7, 1968, tax lot 300 and the one-acre portion of tax lot 800 lying north of Willis Creek Road were not subject to any local or state laws that would have prohibited the claimants from establishing three lots or parcels and three dwellings. Therefore, the claimants lawfully could have established on tax lot 300 and the one-acre portion of tax lot 800 lying north of Willis Creek Road the three home sites the claimants may qualify for under Section 6 of Measure 49.

The claimants acquired tax lot 1300 (section 3) of the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Douglas County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. At that time, tax lot 1300 (section 3) was zoned Forest Recreation (FR) by Douglas County. Douglas County's Forest Recreation (FR) zone included a fixed minimum acreage standard of 5 acres. However, the Commission had not acknowledged that zone for compliance with the goals when the claimants acquired tax lot 1300 (section 3) on October 15, 1975. Accordingly, the statewide planning goals, and in particular Goals 3 and 4, and ORS chapter 215 applied directly to tax lot 1300 of the Measure 37 claim property when the claimants acquired it.

On January 18, 1983, the Commission acknowledged the application of Douglas County's Farm Forest (FF) zone to tax lot 1300 (section 3) of the Measure 37 claim property. The Commission's acknowledgement of Douglas County's FF zone confirmed that zone's compliance with Goals 3 and 4 and ORS chapter 215. Douglas County's acknowledged FF zone required 200 acres for the creation of a new lot or parcel on which a dwelling could be established. Tax lot 1300 (section 3) consists of 2.85 acres. Therefore, on the claimants' acquisition date, they could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that subject to consistency with local land use regulations in effect when they acquired the Measure 37 claim property, claimants whose property consists of at least 40 acres were lawfully permitted to establish three home sites.

On October 15, 1975, the Measure 37 claim property consisted of 51.97 acres. Therefore, based on the analysis under SB 1049 (2010), the claimants were lawfully permitted to establish three home sites on tax lots 300, 1300 (section 3) and the one-acre portion of tax lot 800 lying north of Willis Creek Road of the Measure 37 claim property on their date of acquisition.

On May 5, 1992 and May 26, 1992, approximately 12 acres of tax lot 800 south of Willis Creek Road, tax lots 1200 (section 4) and 1300 (section 4) and the northern 15 acres of tax lot 200 and tax lot 1200 (section 3A) were subject to Douglas County's acknowledged Exclusive Farm Use - Grazing (FG) zone. Douglas County's FG zone required 200 acres for the creation of a new lot or parcel on which a dwelling could be established. The FG-zoned portion of the Measure 37 claim property consists of 54.95 acres. Therefore, the claimants lawfully could not have established any home sites on the FG-zoned portion of the property consisting of the approximately 12-acre portion of tax lot 800 and tax lots 1200 (section 4) and 1300 (section 4) and the northern 15 acres of tax lot 200 and tax lot 1200 (section 3A) on their date of acquisition.

On May 5, 1992 and May 26, 1992, approximately 2.06 acres of tax lot 800 south of Willis Creek Road and the southern portion of tax lot 200 were subject to Douglas County's acknowledged Farm Forest (FF) zone. Douglas County's FF zone required 200 acres for the creation of a new lot or parcel on which a dwelling could be established. The FF-zoned portion of the property consists of 14.06 acres. Therefore, the claimants lawfully could not have established any home sites on the FF-zoned portion of the property consisting of 2.06 acres of tax lot 800 and the southern portion of tax lot 200 on their date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on March 10, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. Comments received from Douglas County have been taken into account by the department in the issuance of this Final Order and Home Site Authorization.

III. CONCLUSION

Based on the analysis above, the claimants do not qualify for any relief under Measure 49 on tax lots 200, 1200 (section 3A), 1200 (section 4), 1300 (section 4) and the portion of tax lot 800 lying south of Willis Creek Road because the claimants would not have been lawfully permitted to establish any additional home sites when they acquired the property.

Based on the analysis above, the claimants qualify for up to three home sites on tax lots 300, 1300 (section 3) and the one-acre portion of tax lot 800 lying north of Willis Creek Road. However, the number of lots, parcels or dwellings that a claimant may establish pursuant to a home site authorization is reduced by the number of lots, parcels or dwellings currently in existence on the Measure 37 claim property and any contiguous property under the same ownership according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49.

Based on the documentation provided by the claimants and information from Douglas County, the Measure 37 claim property includes three lots or parcels and one dwelling. There is no contiguous property under the same ownership. Therefore, the three home site approvals the claimants qualify for under Section 6 of Measure 49 on tax on tax lots 300, 1300 (section 3) and the one-acre portion of tax lot 800 lying north of Willis Creek Road will authorize the claimants to establish no additional lots or parcels and two additional dwellings on tax lots 300, 1300 (section 3) and the one-acre portion of tax lot 800 lying north of Willis Creek Road of the

Measure 37 claim property. The claimants will be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property if they intend to develop two additional dwellings, so that each additional dwelling established on the Measure 37 claim property, pursuant to these home site approvals, is sited on a separate lot or parcel and that the total number of lots or parcels located on the Measure 37 claim property and contiguous property does not exceed three.

IV. HOME SITE AUTHORIZATION

Based on the analysis set forth above, this claim is approved, and the claimants qualify for three home site approvals on tax lots 300, 1300 (section 3) and the one-acre portion of tax lot 800 lying north of Willis Creek Road of the Measure 37 claim property. As explained in section III above, after taking into account the number of existing lots, parcels or dwellings, the claimants are authorized for no additional lots or parcels and two additional dwellings on the property on which the claimants are eligible for Measure 49 relief, subject to the following terms:

1. Each dwelling must be on a separate lot or parcel, and must be contained within the property on which the claimants are eligible for Measure 49 relief. The establishment of a land division or dwelling based on this home site authorization must comply with all applicable standards governing the siting or development of the land division or dwelling. However, those standards must not be applied in a manner that prohibits the establishment of the land division or dwelling, unless the standards are reasonably necessary to avoid or abate a nuisance, to protect public health or safety, or to carry out federal law.
2. This home site authorization will not authorize the establishment of a land division or dwelling in violation of a land use regulation described in ORS 195.305(3) or in violation of any other law that is not a land use regulation as defined by ORS 195.300(14).
3. A claimant is not eligible for more than 20 home site approvals under Sections 5 to 11 of Measure 49 regardless of how many properties a claimant owns or how many claims a claimant filed. If the claimants have developed the limit of twenty home sites under Measure 49, the claimants are no longer eligible for the home site approvals that are the subject of this order.
4. The number of lots, parcels or dwellings a claimant may establish under this home site authorization is reduced by the number of lots, parcels and dwellings currently in existence on the Measure 37 claim property and contiguous property in the same ownership, regardless of whether evidence of their existence has been provided to the department. If, based on the information available to the department, the department has calculated the number of currently existing lots, parcels or dwellings to be either greater than or less than the number of lots, parcels or dwellings actually in existence on the Measure 37 claim property or contiguous property under the same ownership, then the number of additional lots, parcels or dwellings a claimant may establish pursuant to this home site authorization must be adjusted according to the methodology stated in Section 6(2)(b) and 6(3) of Measure 49. Statements in this final order regarding the number of lots, parcels or dwellings currently existing on the Measure 37 claim property and contiguous property are not a determination on the current legal status of those lots, parcels or dwellings.

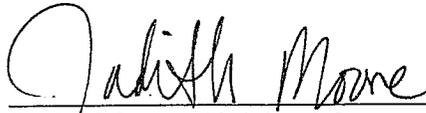

5. Temporary dwellings are not considered in determining the number of existing dwellings currently on the property. The claimants may choose to convert any temporary dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site pursuant to a home site approval. Otherwise, any temporary dwelling is subject to the terms of the local permit requirements under which it was approved, and is subject to removal at the end of the term for which it is allowed.
6. A home site approval only authorizes the establishment of a new lot, parcel or dwelling on the property on which the claimants are eligible for Measure 49 relief. No additional development is authorized on contiguous property for which no Measure 37 claim was filed or on Measure 37 claim property on which the claimants are not eligible for Measure 49 relief. A lot or parcel established pursuant to a home site approval must either be the site of a dwelling that is currently in existence or be the site of a dwelling that may be established pursuant to the home site approval.
7. The claimants may use a home site approval to convert a lot, parcel or dwelling currently located on the property on which the claimants are eligible for Measure 49 relief to an authorized home site. If the number of lots, parcels or dwellings existing on the property on which the claimants are eligible for Measure 49 relief exceeds the number of home site approvals the claimants qualify for under a home site authorization, the claimants may select which existing lots, parcels or dwellings to convert to authorized home sites; or may reconfigure existing lots, parcels or dwellings so that the number is equivalent to the number of home site approvals.
8. The claimants may not implement the relief described in this Measure 49 home site authorization if a claimant has been determined to have a common law vested right to a use described in a Measure 37 waiver for the property. Therefore, if a claimant has been determined in a final judgment or final order that is not subject to further appeal to have a common law vested right as described in Section 5(3) of Measure 49 to any use on the Measure 37 claim property, then this Measure 49 Home Site Authorization is void. However, so long as no claimant has been determined in such a final judgment or final order to have a common law vested right to a use described in a Measure 37 waiver for the property, a use that has been completed on the property pursuant to a Measure 37 waiver may be converted to an authorized home site.
9. A home site approval does not authorize the establishment of a new dwelling on a lot or parcel that already contains one or more dwellings. The claimants may be required to alter the configuration of the lots or parcels currently in existence on the Measure 37 claim property and contiguous property so that each additional dwelling established on the property on which the claimants are eligible for Measure 49 relief, pursuant to this home site authorization, is sited on a separate lot or parcel.
10. Because the property is located in an exclusive farm use zone and a mixed farm and forest zone, the home site authorization does not authorize new lots or parcels that exceed five acres. However, existing or remnant lots or parcels may exceed five acres. Before beginning construction, the owner must comply with the requirements of ORS 215.293. Further, the

home site authorization will not authorize new lots or parcels that exceed two acres if the new lots or parcels are located on high-value farmland, on high-value forestland or on land within a ground water restricted area. However, existing or remnant lots or parcels may exceed two acres.

11. Because the property is located in an exclusive farm use zone and a mixed farm and forest zone, Measure 49 requires new home sites to be clustered so as to maximize suitability of the remnant lot or parcel for farm or forest use. Further, if an owner of the property is authorized by other home site authorizations to subdivide, partition, or establish dwellings on other Measure 37 claim properties, Measure 49 authorizes the owner to cluster some or all of the authorized lots, parcels or dwellings that would otherwise be located on land in an exclusive farm use zone, a forest zone or a mixed farm and forest zone on a single Measure 37 claim property that is zoned residential use or is located in an exclusive farm use zone, a forest zone or a mixed farm and forest zone but is less suitable for farm or forest use than the other Measure 37 claim properties.
12. If the claimants transferred ownership interest in the Measure 37 claim property prior to the date of this order, this order is rendered invalid and authorizes no home site approvals. Provided this order is valid when issued, a home site approval authorized under this order runs with the property and transfers with the property. A home site approval will not expire, except that if a claimant who received this home site authorization later conveys the property to a party other than the claimant's spouse or the trustee of a revocable trust in which the claimant is the settlor, the subsequent owner of the property must establish the authorized lots, parcels and dwellings within 10 years of the conveyance. A lot or parcel lawfully created based on this home site authorization will remain a discrete lot or parcel, unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. A dwelling lawfully created based on a home site approval is a permitted use.
13. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, this home site authorization will not authorize the use of the property unless the claimants first obtain that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a permit as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies, and restrictions on the use of the subject property imposed by private parties.

IT IS HEREBY ORDERED that this Final Order and Home Site Authorization is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.

FOR THE DEPARTMENT AND THE LAND
CONSERVATION AND DEVELOPMENT
COMMISSION:

Judith Moore, Division Manager
Dept. of Land Conservation and Development
Dated this 15th day of June 2010

NOTICE OF RIGHT TO APPEAL OR OTHER JUDICIAL RELIEF

You are entitled, or may be entitled, to judicial remedies including the following:

1. Judicial review is available to anyone who is an owner of the property as defined in Measure 49 that is the subject of this final determination, or a person who timely submitted written evidence or comments to the department concerning this final determination.
2. Judicial review under ORS 183.484 may be obtained by filing a petition for review within 60 days from the service of this order. A petition for judicial review under ORS 183.484 must be filed in the Circuit Court in the county in which the affected property is located. Upon motion of any party to the proceedings, the proceedings may be transferred to any other county with jurisdiction under ORS 183.484 in the manner provided by law for change of venue.
3. Judicial review of this final determination is limited to the evidence in the record of the department at the time of its final determination. Copies of the documents that comprise the record are available for review at the department's office at 635 Capitol St. NE, Suite 150, Salem, OR 97301-2540. Judicial review is only available for issues that were raised before the department with sufficient specificity to afford the department an opportunity to respond.
