DEVELOPMENT**

**ORS 195.300 to ORS 195.336 (MEASURE 49) SUPPLEMENTAL REVIEW
OF MEASURE 37 CLAIM
Final Order of Denial**

STATE ELECTION NUMBER:

E133800

CLAIMANTS:

Spencer A. and Catherine R. Lewis
12900 SW Whitmore Road
Hillsboro, OR 97123

**MEASURE 37 PROPERTY
IDENTIFICATION:**

Township 2S, Range 3W, Section 3
Tax lot 814
Washington County

The claimants, Spencer and Catherine Lewis, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on December 4, 2006, for property located at 12900 SW Whitmore Road, near Hillsboro, in Washington County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimants have elected supplemental review of their Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

This Final Order of Denial is the conclusion of the supplemental review of this claim.

I. ANALYSIS OF CLAIM

A. Maximum Number of Home Sites for Which the Claimants May Qualify

Under Section 6 of Measure 49, the number of home site approvals authorized by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimants have requested two home site approvals in the election material. No waiver was issued for this claim. The Measure 37 claim filed with the state describes two home sites. Therefore, the claimants may qualify for a maximum of two home site approvals under Section 6 of Measure 49.

B. Qualification Requirements

To qualify for a home site approval under Section 6 of Measure 49, the claimants must meet each of the following requirements:

1. Timeliness of Claim

A claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

Findings of Fact and Conclusions

The claimants, Spencer and Catherine Lewis, filed a Measure 37 claim, M133800, with the state on December 4, 2006. The claimants filed a Measure 37 claim, 37CL0820, with Washington County on December 4, 2006. The state claim was filed on December 4, 2006.

The claimants timely filed a Measure 37 claim with both the state and Washington County.

2. The Claimant Is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

Findings of Fact and Conclusions:

According to the deeds submitted by the claimants, Spencer and Catherine Lewis are the owners of fee title to the property as shown in the Washington County deed records and, therefore, are owners of the property under Measure 49.

Washington County has confirmed that the claimants are the current owners of the property.

3. All Owners of the Property Have Consented in Writing to the Claim

All owners of the property must consent to the claim in writing.

Findings of Fact and Conclusions:

All owners of the property have consented to the claim in writing.

4. The Property Is Located Entirely Outside Any Urban Growth Boundary and Entirely Outside the Boundaries of Any City

The Measure 37 claim property must be located entirely outside any urban growth boundary and entirely outside the boundaries of any city.

Findings of Fact and Conclusions:

The Measure 37 claim property is located in Washington County, outside the urban growth boundary and outside the city limits of the nearest city, Hillsboro.

5. One or More Land Use Regulations Prohibit Establishing the Lot, Parcel or Dwelling

One or more land use regulations must prohibit establishing the requested lot, parcel or dwelling.

Findings of Fact and Conclusions:

The property is currently zoned Agriculture and Forest (AF-10) by Washington County, in accordance with Goal 14, which prohibits the urban use of rural land and requires local comprehensive plans to identify and separate urbanizable from rural land in order to provide for the orderly and efficient transition from rural to urban use. State laws, namely Goal 14 and OAR 660-004-0040, prohibit the establishment of a lot or parcel less than the size established in the County rural residential zone in existence on October 4, 2000, if the zone in existence on that date had a minimum lot size of two or more acres. Washington County's AF-10 zone requires a minimum lot size of 10 acres.

The claimants' property consists of 11.02 acres. Therefore, state land use regulations prohibit the claimants from establishing on the Measure 37 claim property the two home sites the claimants may qualify for under Section 6 of Measure 49.

6. The Establishment of the Lot, Parcel or Dwelling Is Not Prohibited by a Land Use Regulation Described in ORS 195.305(3)

ORS 195.305(3) exempts from claims under Measure 49 land use regulations:

- (a) Restricting or prohibiting activities commonly and historically recognized as public nuisances under common law;
- (b) Restricting or prohibiting activities for the protection of public health and safety;
- (c) To the extent the land use regulation is required to comply with federal law; or
- (d) Restricting or prohibiting the use of a property for the purpose of selling pornography or performing nude dancing.

Findings of Fact and Conclusions

Based on the documentation submitted by the claimants, it does not appear that the establishment of the two home sites for which the claimants may qualify on the property is prohibited by land use regulations described in ORS 195.305(3).

7. On the Claimant's Acquisition Date, the Claimant Lawfully Was Permitted to Establish at Least the Number of Lots, Parcels or Dwellings on the Property That Are Authorized Under Section 6 of Measure 49

A claimant's acquisition date is "the date the claimant became the owner of the property as shown in the deed records of the county in which the property is located. If there is more than one claimant for the same property under the same claim and the claimants have different acquisition dates, the acquisition date is the earliest of those dates."

Findings of Fact and Conclusions

Washington County deed records indicate that the claimants acquired the southern portion of tax lot 814 (9.53 acres) on May 29, 1980 and the northern portion of tax lot 814 (1.49 acres) on May 26, 1992.

The claimants acquired the southern 9.53 acres of the Measure 37 claim property after adoption of the statewide planning goals, but before the Land Conservation and Development Commission (the Commission) acknowledged Washington County's comprehensive plan and land use regulations to be in compliance with those goals pursuant to ORS 197.250 and 197.251. On May 29, 1980, the Measure 37 claim property was zoned Agriculture and Forest (AF-10) by Washington County, which had a fixed minimum acreage standard of 10 acres. Because the Commission had not acknowledged Washington County's comprehensive plan and land use regulations for compliance with the goals, when the claimants acquired the property on May 29, 1980, the statewide planning goals, and in particular Goal 14, applied directly to the Measure 37 claim property.

On July 31, 1984, the Commission acknowledged the application of Washington County's Agriculture and Forest (AF-10) zone to the Measure 37 claim property. The Commission's acknowledgement of Washington County's AF-10 zone confirmed that zone's compliance with Goal 14. Washington County's acknowledged AF-10 zone required 10 acres for the creation of a new lot or parcel on which a dwelling could be established. The southern portion of tax lot 814 consists of 9.53 acres. Therefore, on the claimants' acquisition date, they could not have established any home sites in the zone that was ultimately acknowledged to comply with the statewide planning goals and implementing regulations.

However, because of uncertainty during the time period between adoption of the statewide planning goals in 1975 and each county's acknowledgment of its plan and land use regulations regarding the factual and legal requirements for establishing compliance with the statewide planning goals, the 2010 Legislative Assembly amended Measure 49. Senate Bill (SB) 1049 (2010) specifies the number of home sites considered lawfully permitted, for purposes of

Measure 49, for property acquired during this period unless the record for the claim otherwise demonstrates the number of home sites that a claimant would have been lawfully permitted to establish. Those amendments provide, in relevant part, that claimants whose property was ultimately acknowledged as non-resource land pursuant to Goal 14 and whose property was, at acquisition, subject to a county zone that included a fixed minimum acreage standard of more than two acres, are eligible for the number of home site approvals that would have been lawfully permitted under the minimum acreage standard in that zone.

The southern portion of the Measure 37 claim property consists of 9.53 acres and is developed with one dwelling. The Measure 37 claim property was subject to Washington County's Agriculture and Forest (AF-10) zone on the claimants' date of acquisition. That zone had a fixed minimum acreage standard of 10 acres. Therefore, based on the analysis under SB 1049 (2010), the claimants were not lawfully permitted to establish any additional home sites on the Measure 37 claim property on their date of acquisition.

On May 26, 1992, the entire Measure 37 claim property was subject to Washington County's acknowledged Agriculture and Forest (AF-10) zone. Washington County's AF-10 zone required 10 acres for the creation of a new lot or parcel on which a dwelling could be established. The claimants' property consists of 11.02 acres and is developed with one dwelling. Therefore, the claimants lawfully could not have established any additional home sites on their date of acquisition.

II. COMMENTS ON THE PRELIMINARY EVALUATION

The department issued its Preliminary Evaluation for this claim on June 17, 2010. Pursuant to OAR 660-041-0090, the department provided written notice to the owners of surrounding properties. No written comments were received in response to the 28-day notice as of the date of this final order.¹

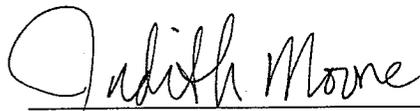

III. CONCLUSION

Based on the analysis above, the claimants do not qualify for Measure 49 home site approvals because the claimants were not lawfully permitted to establish any additional lots, parcels or dwellings on the claimants' date of acquisition.

¹ The 28-day comment period for the preliminary evaluation on this claim closes on July 15, 2010. If comments are received after issuance of this final order, but before the close of the 28-day comment period, the department will evaluate all comments and issue an amended final order.

IT IS HEREBY ORDERED that this Final Order of Denial is entered by the Director of the Department of Land Conservation and Development as a final order of the department and the Land Conservation and Development Commission under ORS 197.300 to ORS 195.336 and OAR 660-041-0000 to 660-041-0160.
