## Notice of Routine Program Change

From the OREGON COASTAL MANAGEMENT PROGRAM  
of the OREGON DEPARTMENT OF LAND CONSERVATION & DEVELOPMENT

**DATE: October 1, 2013**

**NOTICE:** Pursuant to 15 CFR Section 923.84 (federal Coastal Zone Management Act regulations), notice is hereby given that the Oregon Department of Land Conservation & Development (DLCD) has submitted a routine program change request to the federal Office of Ocean and Coastal Resources Management (OCRM). The request seeks to incorporate updates to the Coos County Comprehensive Plan and zoning ordinance into the federally-approved Oregon Coastal Management Program (OCMP).

OCRM approved the incorporation of the Coos County plan and ordinance into the OCMP in 1991. Since that time the County has periodically approved updates to the plan and ordinance. DLCD is now submitting the current versions of these documents, which include all of the updates, for OCRM's approval.

DLCD has determined that these updates constitute a routine program change to DLCD's federally-approved coastal management program because the action does not make any substantial change to any enforceable policies or authorities related to: (1) uses subject to management; (2) special management areas; (3) boundaries; (4) authorities and organization; or (5) coordination, public involvement and national interest. DLCD has requested that OCRM concur with this determination.
