3 Step Three: Develop Policies

At a minimum, jurisdictions should develop policies in their comprehensive plans that address their targets for the type and location of industrial and other employment lands. These can help determine how, when and where public services will be provided. Many jurisdictions also adopt policies to preserve industrial and other employment lands. Appendix E provides an overview of potential economic development policies.

Data sources:

- ✓ Strategic plan
- ✓ Economic opportunities analysis
- ✓ Buildable lands inventory
- ✓ Community meetings and public hearings
- ✓ Stakeholder interviews, focus groups

To Do:

- ✓ Develop policies to achieve meet local development objectives.
