(8) When identifying, considering, evaluating, comparing and designating land for urban reserves, Metro and a county shall apply the factors of OAR 660-27-0050 in coordination and shall coordinate with any local government, state agency, special district, or school district that might be expected to provide urban services to these reserves after they are added to the urban growth boundary.

(9) When identifying, considering, evaluating, comparing and designating land for rural reserves, Metro and a county shall apply the factors of OAR 660-27-0060 in coordination and shall coordinate with any city adjoining or within three miles of a rural reserve all local governments within their respective jurisdictions.

(10) Metro and any county that has entered into an agreement with Metro under this division shall apply the factors of OAR 660-27-0050 or OAR 660-27-0060 concurrently and in coordination with one another. These local governments shall jointly adopt a single, joint set of findings of fact, statements of reasons, and conclusions explaining why areas were chosen as urban or rural reserves and how these designations achieve the objective stated in OAR 660-27-0005(3).

- (11) OAR 660-027-0040 (10) does not apply to any county that does not lie partially within Metro.
- (12) [existing (11)]
