*Re: Ballot Measure 37 (ORS 197.352) Claim Number M131288*

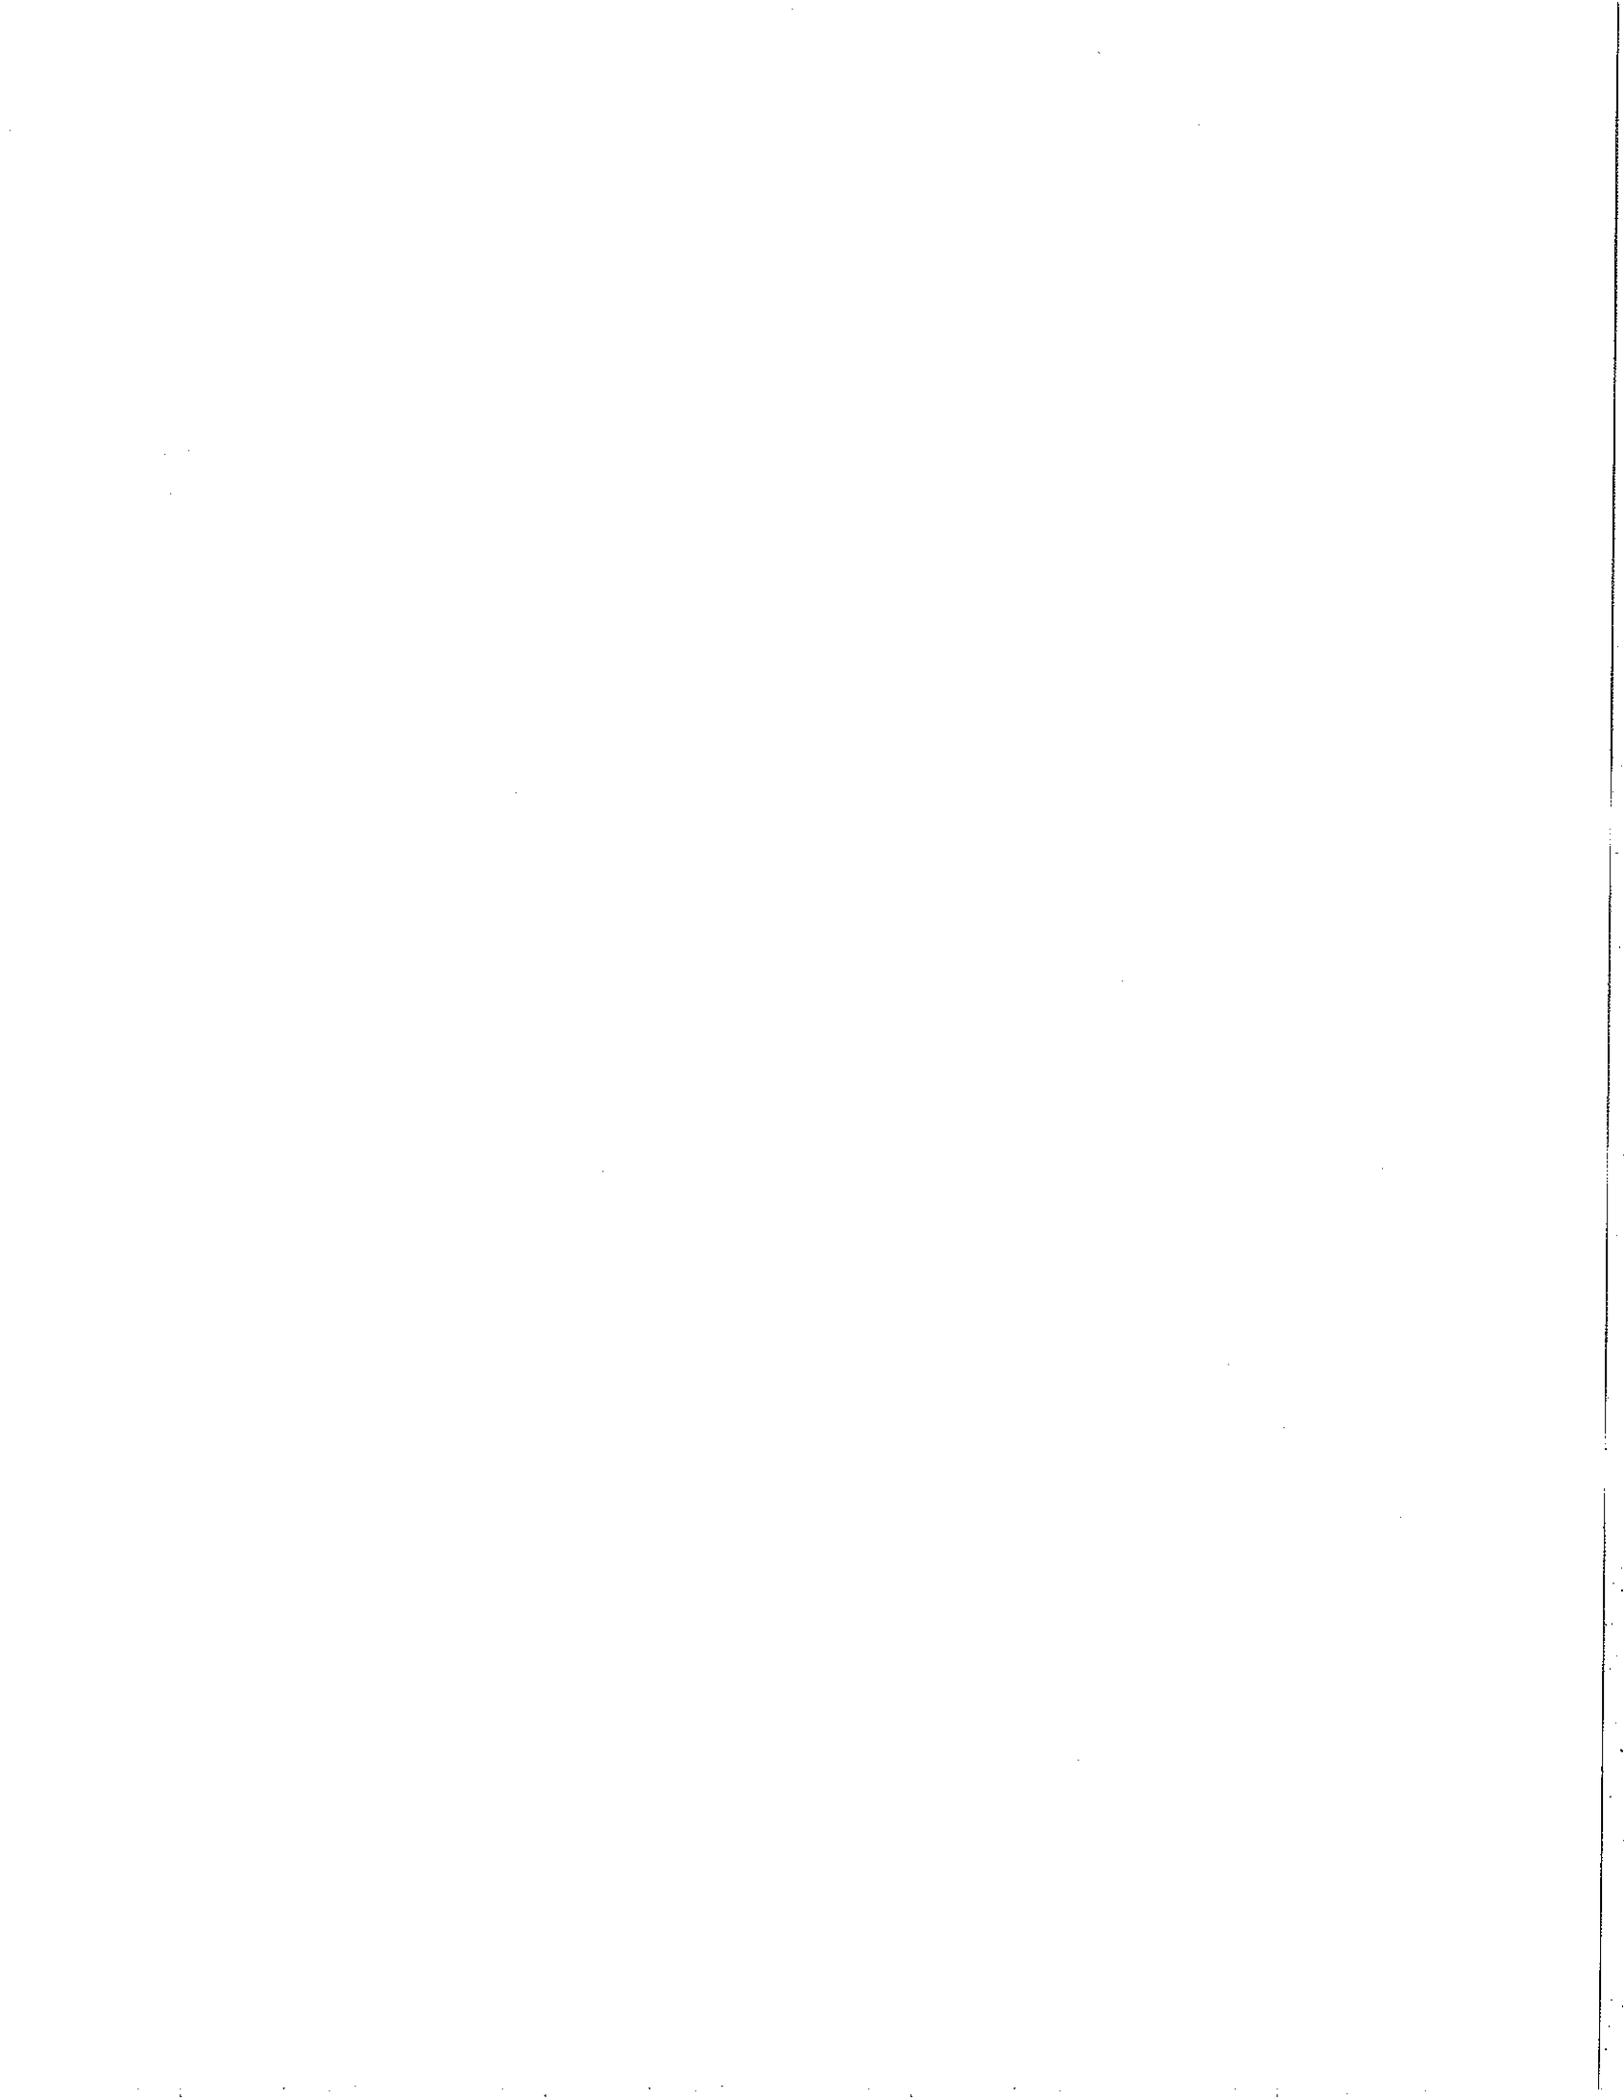

*Claimants: Rose A. Colvin, Personal Representative, Estate of Julia Boyd*

---

Enclosed, in regard to the above-referenced claim for compensation under Ballot Measure 37 (ORS 197.352), is the Department of Land Conservation and Development's Draft Staff Report and Recommendation.

This Draft Staff Report and Recommendation sets forth the department's evaluation of and recommendation on the claim. Oregon Administrative Rule 125-145-0100(3) provides that the claimant (or the claimant's agent) and any third parties who submitted comments on the claim may submit written comments, evidence, and information in response to any third-party comments contained in the report, and to the staff report and recommendation itself. Such response must be filed no more than 15 calendar days after the date of mailing of this report. Any response from you must be delivered to the Oregon Department of Administrative Services (DAS), 1225 Ferry Street SE, U160, Salem, Oregon 97301, and will be deemed timely filed if either postmarked on the 15th day or actually delivered to DAS by the close of business on the 15th day.

This department will review any responses submitted, and a Final Order on the claim will be issued after such review.

**DATE RECEIVED BY DAS:** November 27, 2006

**DEADLINE FOR FINAL ACTION:<sup>1</sup>** May 20, 2008

**I. SUMMARY OF CLAIM**

The claimant, Rose Colvin, as personal representative of the Estate of Julia Boyd, seeks compensation in the amount of \$600,000 for the reduction in fair market value as a result of land use regulations that are alleged to restrict the use of certain private real property. The claimant desires compensation or the right to divide the 10-acre subject property into two parcels and to develop a dwelling on each parcel. The subject property is located at the intersection of Skyline Boulevard and Cornelius Pass Road, near Portland, in Multnomah County. (See claim.)

**II. SUMMARY OF STAFF RECOMMENDATION**

Based on the preliminary findings and conclusions set forth below, the Department of Land Conservation and Development (the department) has determined that the claim is valid. Department staff recommends that, in lieu of compensation, the requirements of the following

---

<sup>1</sup> ORS 197.352, as originally enacted, required that final action on claims made under Measure 37 be made within 180 days of the date the claim was filed. In response to the large volume of claims filed in late 2006, the Oregon legislature passed House Bill 3546, which became effective on May 10, 2007. This legislation increased the amount of time state and local governments have to take final action on Measure 37 claims filed on or after November 1, 2006, by 360 days, to a total of 540 days.

state laws enforced by the Land Conservation and Development Commission (the Commission) or the department not apply to Rose Colvin's division of the 10-acre subject property into two parcels and to her development of a dwelling on each parcel: applicable provisions of Statewide Planning Goal 4 (Forest Lands), ORS 215 and Oregon Administrative Rules (OAR) 660, division 6, enacted or adopted after October 12, 2005. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on October 12, 2005. The department acknowledges that the relief to which the claimant is entitled under ORS 197.352 will not allow the claimant to use the subject property in the manner set forth in the claim. (See the complete recommendation in Section VI. of this report.)

### **III. COMMENTS ON THE CLAIM**

#### **Comments Received**

On July 12, 2007, pursuant to OAR 125-145-0080, the Oregon Department of Administrative Services (DAS) provided written notice to the owners of surrounding properties. According to DAS, no written comments were received in response to the 15-day notice.

### **IV. TIMELINESS OF CLAIM**

#### **Requirement**

ORS 197.352(5) requires that a written demand for compensation be made:

1. For claims arising from land use regulations enacted prior to the effective date of Measure 37 (December 2, 2004), within two years of that effective date, or the date the public entity applies the land use regulation as an approval criteria to an application submitted by the owner, whichever is later; or
2. For claims arising from land use regulations enacted after the effective date of Measure 37 (December 2, 2004), within two years of the enactment of the land use regulation, or the date the owner of the property submits a land use application in which the land use regulation is an approval criteria, whichever is later.

#### **Findings of Fact**

This claim was submitted to DAS on November 27, 2006, for processing under OAR 125, division 145. The claim identifies Goals 3 (Agricultural Lands) and 4, provisions of ORS 197 and 215 and OAR 660-006-0027 as the basis for the claim.<sup>2</sup> Only laws that were enacted or adopted prior to December 2, 2004, are the basis for this claim.

---

<sup>2</sup> The claimant identifies Goal 3 as restricting her desired use. However, the claimant has not established how Goal 3, which regulates EFU-zoned land, applies to the forest-zoned subject property. This report addresses only those regulations that the department finds are applicable to and restrict the claimant's desired use of the subject property, based on the property's zoning and the claimant's description of her desired use.

## **Conclusions**

The claim has been submitted within two years of the effective date of Measure 37 (December 2, 2004), based on land use regulations enacted or adopted prior to December 2, 2004, and is therefore timely filed.

## **V. ANALYSIS OF CLAIM**

### **1. Ownership**

ORS 197.352 provides for payment of compensation or relief from specific laws for “owners” as that term is defined in ORS 197.352. ORS 197.352(11)(C) defines “owner” as “the present owner of the property, or any interest therein.”

### **Findings of Fact**

The claimant, Rose Colvin, as personal representative of the Estate of Julia Boyd, acquired a personal representative’s interest in the subject property from her family member, Julia Boyd, on October 12, 2005, as reflected by search of the social security death index. Julia Boyd acquired the subject property on May 7, 1969, as reflected by a warranty deed included with the claim. The Multnomah County Assessor’s Office confirms the claimant’s current ownership of the subject property.

### **Conclusions**

The claimant, Rose Colvin, as personal representative of the Estate of Julia Boyd, is an “owner” of the subject property as that term is defined by ORS 197.352(11)(C), as of October 12, 2005. Julia Boyd is a “family member” as defined by ORS 197.352(11)(A) and acquired the subject property on May 7, 1969.

### **2. The Laws That are the Basis for This Claim**

In order to establish a valid claim, ORS 197.352(1) requires, in part, that a law must restrict the claimant’s use of private real property in a manner that reduces the fair market value of the property relative to how the property could have been used at the time the claimant or a family member acquired the property.

### **Findings of Fact**

The claim indicates that the claimant desires to divide the 10-acre subject property into two parcels and to develop a dwelling on each parcel, and that current land use regulations prevent the desired use.<sup>3</sup>

---

<sup>3</sup> The claimant summarily lists numerous state land use laws as applicable to this claim, but does not establish how the laws either apply to the claimant’s desired use of the subject property or restrict its use with the effect of reducing its fair market value. On their face, most of the regulations either do not apply to the claimant’s property or do not restrict the claimant’s desired use of the property with the effect of reducing its fair market value. This report addresses only those regulations that the department finds are applicable to and restrict the claimant’s desired use of the subject property, based on the claimant’s description of her desired use.

The claim is based generally on the applicable provisions of state law that require forest zoning and restrict uses on forest-zoned land. The claimant's property is zoned Commercial Forest Use-2 (CFU-2) by Multnomah County as required by Goal 4, in accordance with ORS 215 and OAR 660, division 6, because the claimant's property is "forest land" under Goal 4. Goal 4 became effective on January 25, 1975, and requires that forest land be zoned for forest use.

Current land use regulations, including ORS 215.705 to 215.755 and 215.780 and OAR 660, division 6, enacted or adopted pursuant to Goal 4, generally prohibit the division of forest-zoned land into parcels less than 80 acres and establish standards for development of dwellings on existing or proposed parcels on that land.

ORS 215.780 generally establishes an 80-acre minimum size for the creation of new lots or parcels on forest-zoned land and became effective on November 4, 1993 (Chapter 792, Oregon Laws 1993). ORS 215.705 to 215.755 establish standards for the creation of new parcels and dwellings allowed in forest zones.

OAR 660, division 6, became effective on September 1, 1982, to implement Goal 4 and establish standards for divisions and development of land zoned for forest use, and was amended on March 1, 1994, to implement ORS 215.705 to 215.755 and 215.780. OAR 660-006-0025 interprets the goal and statutory standard for uses allowed in forest zones. OAR 660-006-0026 interprets land division requirements in forest zones, and 660-006-0027 and 660-006-0029 interpret the standards for dwellings in forest zones.

The claimant's family first acquired the subject property in 1969, prior to the adoption of the statewide planning goals and their implementing statutes and regulations. No county zoning applied to the subject property in 1969.

### **Conclusions**

The current zoning requirements, minimum lot size and dwelling standards established by applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, for lands zoned for forest use, were all enacted or adopted after the claimant's family acquired the subject property. These laws restrict the use of the subject property relative to the uses allowed when the claimant's family acquired the property.

### **3. Effect of Regulations on Fair Market Value**

In order to establish a valid claim, ORS 197.352(1) requires that the land use regulation(s) (described in Section V.(2) of this report) must have "the effect of reducing the fair market value of the property, or any interest therein."

### **Findings of Fact**

The claim includes an estimate of \$600,000 as the reduction in the subject property's fair market value due to the regulations that restrict the claimant's desired use of the property. This amount is based on the claimant's assessment of comparable property sales data included with the claim.

## **Conclusions**

As explained in Section V. (1) of this report, the claimant is Rose Colvin, as personal representative of the Estate of Julia Boyd, whose family member acquired the subject property in 1969. Under ORS 197.352, the claimant is due compensation for land use regulations that restrict the use of the property and have the effect of reducing its fair market value. Based on the findings and conclusions in Section V.(2) of this report, laws enacted or adopted since the claimant's family acquired the subject property restrict the claimant's desired use of the property. The claimant estimates that the effect of the regulations on the fair market value of the subject property is a reduction of \$600,000.

Without an appraisal or other documentation, it is not possible to substantiate the specific dollar amount by which the land use regulations have reduced the fair market value of the subject property. Nevertheless, based on the evidence in the record for this claim, the department determines that the fair market value of the subject property has been reduced to some extent as a result of land use regulations enforced by the Commission or the department since the claimant's family acquired the property.

### **4. Exemptions Under ORS 197.352(3)**

ORS 197.352 does not apply to certain land use regulations. In addition, under ORS 197.352(3), certain types of laws are exempt from ORS 197.352.

## **Findings of Fact**

The claim is based on state land use regulations that restrict the use of the subject property, including applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, which Multnomah County has implemented through its current CFU-2 zone. All of these land use regulations were enacted or adopted after the claimant's family acquired the subject property.

## **Conclusions**

It appears that none of the general statutory, goal and rule restrictions on residential division and development of the subject property were in effect when the claimant's family acquired the property on May 7, 1969. As a result, these laws are not exempt under ORS 197.352(3)(E). Laws in effect when the claimant's family acquired the subject property are exempt under ORS 197.352(3) (E) and do not provide a basis for compensation. In addition, other land use laws enacted or adopted for a purpose set forth in ORS 197.352(3)(A) to (D) are also exempt and would not provide a basis for compensation.

## **VI. FORM OF RELIEF**

ORS 197.352(1) provides for payment of compensation to an owner of private real property if the Commission or the department has enforced one or more laws that restrict the use of the property in a manner that reduces its fair market value. In lieu of compensation, the department may choose to not apply the law in order to allow the present owner to carry out a use of the property permitted at the time the present owner acquired the property. The Commission, by rule, has directed that if the department determines a claim is valid, the Director of the

department must provide only non-monetary relief unless and until funds are appropriated by the legislature to pay claims.

### **Findings of Fact**

Based on the findings and conclusions set forth in this report, laws enforced by the Commission or the department restrict the claimant's desired use of the subject property. The claim asserts that existing state land use regulations enforced by the Commission or the department have the effect of reducing the fair market value of the subject property by \$600,000. However, because the claim does not provide an appraisal or other relevant evidence demonstrating that the land use regulations described in Section V.(2) reduce the fair market value of the subject property, a specific amount of compensation cannot be determined. In order to determine a specific amount of compensation due for this claim, it would also be necessary to verify whether or the extent to which the claimant's desired use of the subject property was allowed under the standards in effect when her family acquired the property. Nevertheless, based on the record for this claim, the department has determined that the laws on which the claim is based have reduced the fair market value of the subject property to some extent.

No funds have been appropriated at this time for the payment of claims. In lieu of payment of compensation, ORS 197.352 authorizes the department to modify, remove or not apply all or parts of certain land use regulations to allow Rose Colvin, as personal representative of the Estate of Julia Boyd, to use the subject property for a use permitted at the time she acquired an interest in the property on October 12, 2005.

At the time the claimant acquired an interest in the subject property, it was zoned for forest use by Multnomah County and subject to the current lot size and dwelling standards under Goal 4, ORS 215 and OAR 660, division 6, and as described in Section V.(2) of this report.

In addition to the provisions of Goal 4, ORS 215 and OAR 660, division 6, in effect when the claimant acquired the property, there may be other laws that continue to apply to the claimant's use of the property that have not been identified in the claim. The department also notes that ORS 215.730 and OAR 660, division 6, particularly OAR 660-006-0027, -0029 and -0035, include fire protection standards for dwellings and structures in forest zones. ORS 197.352 (3)(B) specifically exempts regulations "restricting or prohibiting activities for the protection of public health and safety, such as fire and building codes. . . ." Accordingly, the siting standards for dwellings and structures in forest zones in ORS 215.730 and OAR 660, division 6, are exempt under ORS 197.352(3)(B).

This report addresses only those state laws that are identified in the claim, or that the department is certain apply to the subject property based on the uses that the claimant has identified. Similarly, this report only addresses the exemptions provided for under ORS 197.352(3) that are clearly applicable given the information provided to the department in the claim. The claimant should be aware that the less information she has provided to the department in the claim, the greater the possibility that there may be additional laws that will later be determined to continue to apply to her use of the subject property.

## Conclusions

Based on the record, the department recommends that the claim be approved, subject to the following terms:

1. In lieu of compensation under ORS 197.352, the State of Oregon will not apply the following laws to Rose Colvin's division of the 10-acre subject property into two parcels or to her development of a dwelling on each parcel: applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, enacted or adopted after October 12, 2005. These laws will not apply to the claimant only to the extent necessary to allow her to use the subject property for the use described in this report, and only to the extent that use was permitted when she acquired the property on October 12, 2005. The department acknowledges that the relief to which the claimant is entitled under ORS 197.352 will not allow the claimant to use the subject property in the manner set forth in the claim.
2. The action by the State of Oregon provides the state's authorization to the claimant to use the subject property for the use described in this report, subject to the standards in effect on October 12, 2005. At that time, the property was subject to applicable provisions of Goal 4, ORS 215 and OAR 660, division 6, currently in effect.
3. To the extent that any law, order, deed, agreement or other legally enforceable public or private requirement provides that the subject property may not be used without a permit, license or other form of authorization or consent, the order will not authorize the use of the property unless the claimant first obtains that permit, license or other form of authorization or consent. Such requirements may include, but are not limited to: a building permit, a land use decision, a "permit" as defined in ORS 215.402 or 227.160, other permits or authorizations from local, state or federal agencies and restrictions on the use of the subject property imposed by private parties.
4. Any use of the subject property by the claimant under the terms of the order will remain subject to the following laws: (a) those laws not specified in (1) above; (b) any laws enacted or enforced by a public entity other than the Commission or the department; and (c) those laws not subject to ORS 197.352 including, without limitation, those laws exempted under ORS 197.352(3).
5. Without limiting the generality of the foregoing terms and conditions, in order for the claimant to use the subject property, it may be necessary for her to obtain a decision under ORS 197.352 from a city and/or county and/or metropolitan service district that enforces land use regulations applicable to the property. Nothing in this order relieves the claimant from the necessity of obtaining a decision under ORS 197.352 from a local public entity that has jurisdiction to enforce a land use regulation applicable to a use of the subject property by the claimant.
6. Nothing in this report or the state's final order for this claim constitutes any determination of ownership by the State of Oregon as to submerged or submersible lands, or as to public rights to the use of waters of the state.

## VII. NOTICE OF OPPORTUNITY TO COMMENT

This staff report is not a final decision by the department and does not authorize any use of the property that is the subject of this report. OAR 125-145-0100 provides an opportunity for the claimant or the claimant's authorized agent and any third parties who submitted comments under OAR 125-145-0080 to submit written comments, evidence and information in response to the draft staff report and recommendation. Such response must be filed no more than 15 calendar days after the date this report is mailed to the claimant and any third parties. Responses to this draft staff report and recommendation will be considered only as comments related to the claim described in this report. All responses must be delivered to the Oregon Department of Administrative Services (DAS), Measure 37 Unit, Risk Management-State Services Division, 1225 Ferry Street SE, U160, Salem, Oregon 97301-4292 and will be deemed timely filed if either postmarked on the 15th day, or actually delivered to DAS by the close of business on the 15th day. Note: Please reference the claim number, claimant name and clearly mark your comments as "Draft Staff Report comments." Comments must be submitted in writing only. Those comments submitted electronically or by facsimile will not be accepted.
