Statutory Authority:

ORS 688.555(1)

Other Authority:

Statutes Implemented:

ORS 688.425; ORS 676.410[7];

RULE SUMMARY

This rulemaking adds two imaging specialty areas that were recently created by recognized national imaging registries. They include the registered musculoskeletal sonographer (RMSKS-MSKS) specialty credential, by the American Registry of Diagnostic Medical Sonographers, and the Advanced Cardiac Sonographer (ACS) specialty credential by Cardiac Credentialing International (CCI). Adding these two new specialties to the rules of the Oregon Board of Medical Imaging (OBMI) will give OBMI the ability to add them to the licenses of persons who earn either of these specialty credentials. Also, this new rule gives the OBMI the authority to charge renewal applicants the same fee that the Oregon Health Authority will charge to OBMI for the OHA to receive the health workforce data questionnaire results from OBMI's renewal applicants. The OHA's health workforce data fee is currently four dollars for a two-year renewal.

A public rulemaking hearing may be requested in writing by 10 or more people, or by an association with 10 or more members, within 21 days following the publication of the Notice of Proposed Rulemaking in the Oregon Bulletin or 28 days from the date Notice was sent to people on the agency mailing list, whichever is later. If sufficient hearing requests are received, the notice of the date and time of the rulemaking hearing must be published in the Oregon Bulletin at least 14 days before the hearing.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing negative economic impact of the rule on business.
