## Post-harvest Hemp Testing Requirements

**Oregon**  
Department  
of Agriculture

Hemp Program  
<https://oda.direct/hemp>  
[industrial-hemp@oda.state.or.us](mailto:industrial-hemp@oda.state.or.us)

### When is testing required?

The following requirements apply to hemp and hemp products used for human:

- Application to skin or hair
- Eating or drinking\*
- Inhalation

No post-harvest testing required if the product is:

- Hemp seed for food
- Bulk plant material not used for applications to skin or hair, food or drinks, or inhalation

Product Type	Testing Requirement
<b>Usable hemp</b> <i>Includes flower/buds and pre-rolls</i> (30 lb batches)	<ul style="list-style-type: none"> <li>• Pesticides</li> <li>• Water activity &amp; moisture content</li> <li>• THC/CBD</li> </ul>
<b>Bulk plant material for further processing</b> <i>Handler wants to qualify for pesticide remediation</i> (30 lb batches)	Will use sterilization method: <ul style="list-style-type: none"> <li>• Pesticides</li> </ul> Will not use sterilization method: <ul style="list-style-type: none"> <li>• Pesticides</li> <li>• Water activity &amp; moisture content</li> </ul>
<i>Handler does not want to qualify for pesticide remediation</i> (30 lb batches)	Will use sterilization method: <ul style="list-style-type: none"> <li>• No testing</li> </ul> Will not use sterilization method: <ul style="list-style-type: none"> <li>• Water activity &amp; moisture content</li> </ul>
<b>Extract or concentrate for further processing</b> (Per batch)	<ul style="list-style-type: none"> <li>• Pesticides</li> <li>• Solvents               <ul style="list-style-type: none"> <li>» Exempt from solvent testing if a solvent was not used.<sup>1</sup></li> </ul> </li> </ul>
<b>Extract or concentrate for retail</b> (Per batch)	<ul style="list-style-type: none"> <li>• Pesticides</li> <li>• Solvents               <ul style="list-style-type: none"> <li>» Exempt from solvent testing if a solvent was not used.<sup>1</sup></li> </ul> </li> <li>• THC/CBD</li> </ul>
<b>Cannabinoid hemp product</b> <i>Edibles or any product intended for human consumption. Includes hemp topicals, transdermal patches and inhalation (e.g. vape pens).</i>	<ul style="list-style-type: none"> <li>• THC/CBD</li> </ul>
<b>Cannabinoid hemp product For non hemp handlers</b> <i>Edibles or any product intended for human consumption. Includes hemp topicals, transdermal patches and inhalation (e.g. vape pens).</i>	<ul style="list-style-type: none"> <li>• A final product does not require testing if:               <ul style="list-style-type: none"> <li>» you are not a hemp handler, and</li> <li>» you can show the hemp ingredient going into your product has a full compliance test result at or below 0.3% total THC.<sup>2</sup></li> </ul> </li> </ul>

Note: Testing must be completed by an ORELAP accredited and OLCC licensed laboratory.

This information is a basic overview of testing requirements, please see OAR 603-048 for complete requirements.

<sup>1</sup>OAR 333-007-0330(3) <sup>2</sup>OAR 603-048-1500

\*If you make an ingredient for food (something humans eat or drink), or a food item, you need an ODA Food Safety license.
