Understanding these Results:

If the "Analytical Results":

- **Are less than 0.35 percent Δ 9 THC:** The Harvest Lot satisfies required pre-harvest testing.
- **Are equal to or greater than 0.35 percent Δ 9 THC:** The Harvest Lot fails testing under these rules. You may request a retest by submitting a written request on a form provided by ODA (available on ODA's website). Requests for retesting must be made within seven (7) calendar days from the date this report was mailed. If the retest passes testing, a third and final test must be requested to confirm the passing test result. All retesting is at the cost of the grower. For a full explanation of procedures for failed harvest lots, see OAR 603-048-0625. ODA may detain and dispose of the harvest lot corresponding to the sample as described in OAR 603-048-0900. You will receive additional notice from ODA prior to such action.
