Request for Public Records

Public records requests must be made to the government agency that is in possession of those records. The purpose of the following form is to facilitate the release of public records which are held by the Oregon Department of Forestry. If the records you seek are held by another public body, you should instead request them from that body.

Please refer to the following resources:

- List of state Agencies
- List of County Governments
- List of Oregon Cities
- Doc Retrieval Fee Info

All administrative fees and costs related to document retrieval must be paid in full before records can be made available.
