**From:** Matthew L. Garrett  
Director

**Subject:** **Agenda G** – ODOT Quarterly Program Report for July 1-September 30, 2016

**Requested Action:**

Accept the Oregon Department of Transportation (ODOT) Quarterly Program Report for July 1-September 30, 2016.

**Background:**

The Oregon Transportation Commission (OTC) requested that ODOT provide a quarterly program report that covers the current status and any issues of major programs, projects, and initiatives the department has underway. The report will provide a regular update on items of particular interest to the commission in the period between reports on these initiatives at OTC meetings.

The attached report covers the following initiatives for the period July 1-September 30, 2016.

- *ConnectOregon* program administration and project selection;
- Bicycle/Pedestrian Plan;
- Oregon Public Transportation Plan;
- Freight Plan update;
- OReGO/road usage charging;
- Transportation Safety Action Plan;
- DMV Service Transformation Program;
- Passenger rail service;
- Disparity Study/DBE goals;
- STIP project selection process.

Some items, such as *ConnectOregon* and the DMV Service Transformation Program, will remain on the report indefinitely; others, such as the Transportation Safety Action Plan, will be removed once the specific project is complete. Additional items that require regular attention by the OTC will be added as appropriate.
