Primary Meeting Objectives:

- 1) Ensure the best information available is used for **rule recommendations**;
- 2) Seek a common understanding among various viewpoints

Roles of This Group:

- 1) Provide information and viewpoints that will assist with rulemaking
- 2) Assist with finding common ground, where possible, on areas of disagreement
- 3) Work toward consensus wherever possible

This group is NOT a decision-making body, and does NOT need to reach consensus (though we will strive for such). The goal is to utilize all viewpoints from this group as background to staff recommendations.
