(1) State Highway mileage includes frontage roads and ramps.

(2) Forestry, Parks, Fish and Wildlife, state institutions and university campuses also own roads and streets.

(3) Federal agencies such as the U.S. Dept. of Forestry, Bureau of Land Management and Army Corps of Engineers also own and maintain roads in Oregon to access natural resources.

State Highway Mileage by Transportation Region

Region 1 699 centerline miles 2,130 lane miles	Region 4 1,861 centerline miles 4,143 lane miles
Region 2 2,122 centerline miles 5,028 lane miles	Region 5 2,219 centerline miles 4,952 lane miles
Region 3 1,128 centerline miles 2,837 lane miles	Totals 8,029 centerline miles = 19,090 lane miles

Centerline mileage is the number of miles of two-way roads.

- A street with a lane in each direction, a street with two lanes in each direction and a turn lane in the middle, and a divided freeway with four lanes in each direction all count equally in terms of centerline mileage.
- Lane mileage counts a mile for each lane in each direction. Thus, a mile of street with a lane in each direction counts as two lane miles.
