26 feet	189.00	44 feet	310.50
27 feet	195.75	45 feet	317.25

# CAMPER AND TRAVEL TRAILER INFORMATION

1. A camper is a structure that:
  - a) Has a floor;
  - b) Is designed to be mounted upon a motor vehicle;
  - c) Is not permanently attached to a motor vehicle upon which it is mounted;
  - d) Is designed to provide facilities for human habitation (permanent sleeping and cooking facilities);
  - e) Is 6 feet or more in overall length;
  - f) Is 5.5 feet or more in height from floor to ceiling at any point; and
  - g) Has no more than one axle designed to support a portion of the weight of the camper.

Campers are measured from the extreme front to the extreme rear of the camper body. Any fraction of a foot in length is rounded down to the nearest foot.

A camper permanently attached to a pickup or other motorized vehicle is registered as a motorhome. A camper permanently mounted on a trailer is registered as a travel trailer.

2. A travel trailer is designed to provide facilities for human habitation (permanent sleeping and cooking facilities) and is designed to be used temporarily for recreational, seasonal, or emergency purposes. If the trailer is more than 8.5 feet wide, it cannot be titled or registered. A travel trailer is any of the following that is 8.5 feet wide or less that is **not** used for commercial or business purposes:
  - a. Manufactured dwelling
  - b. Recreational vehicle
  - c. Prefabricated structure

The width of 8.5 feet is measured when any expansion sides or "tipouts" are in the usual travel position. The length is measured from the foremost point of the trailer hitch to the rear extremity of the trailer body, not including the spare tire. Tent trailers are measured by overall length when folded for travel. Any fraction of a foot in length is rounded down to the nearest foot. **A travel trailer may not exceed 45 feet in length. If the trailer exceeds 45 feet in length, it cannot be registered.**

3. Registration fees are \$81 for the first 10 feet and \$6.75 for each additional full foot. If the trailer or camper does not already have a registration plate, a plate fee also is required. The fee chart on the other side of this page will help you to determine the correct fee. Campers and travel trailers are registered for a two-year period.
4. One registration plate is issued and is required to be displayed on the rear of the travel trailer or camper.
5. Any application for title must include the title fee and any other applicable fees.
