

# OREGON FEE SCHEDULE

## TOW AND MOBILE HOME TOTERS

Effective January 1, 2018

This fee schedule must be used for motor vehicles that qualify for and are registered as tow/recovery or manufactured structure toters; i.e. used only to tow or haul wrecked or disabled vehicles or to transport manufactured structures. Vehicles that are used to tow, plus haul other commodities must use the Fee Schedule for Heavy Motor Vehicles (Form 735-9922).

COMBINED WEIGHT	FULL YEAR 10-12 months	3 QUARTERS 7-9 months	2 QUARTERS 4-6 months	1 QUARTER 1-3 months
8,001 to 10,000	130.00	99.50	67.00	34.50

104,001 to 105,500	1,073.00	806.75	538.50	270.25

## **IMPORTANT NOTICE FOR VEHICLES WITH COMBINED WEIGHT OVER 26,000 POUNDS**

Vehicles subject to weight-mile tax through Commerce and Compliance Division (CCD) must be registered with CCD. This applies primarily to vehicles with a registration weight of 26,001 pounds or more.

Vehicles with registration weights of less than 26,001 pounds also may be subject to weight-mile tax if the vehicle's combined weight is 26,001 pounds or more. This would include, for example, a vehicle used exclusively to tow manufactured structures, since the manufactured structure is not included in the registration weight, but is part of the combined weight. If the combined weight of your vehicle is 26,001 pounds or more, you must register it with CCD.

If you do not know if your vehicle is subject to weight-mile tax, contact Commerce and Compliance Division, 3930 Fairview Industrial Drive SE, Salem Oregon 97302-1166. The telephone number is (503) 378-6699.

In addition to an annual registration fee, the owner of a vehicle used for tow and recovery purposes must pay an annual business certificate fee to DMV for each vehicle.

### **To Calculate Your Registration Weight:**

#### **Tow or Recovery Vehicle**

Tow or Recovery Vehicle must be registered at the "fully equipped for service" weight; plus:

1. Tow or recovery vehicles that transport vehicles on the bed of the recovery vehicle must include the loaded weight of the tow/recovery vehicle in the registration weight;
2. Tow or recovery vehicles that transport vehicles using a trailer must include the loaded weight of the combination in the registration weight.

NOTE: All vehicles towed are excluded from the registration weight.

#### **Manufacture Structure Toters**

Manufactured structure toters must be registered at the "fully equipped for service" weight; including tools, blocks, tractors, etc.

NOTE: The registration weight does not include the weight of a manufactured structure, a special use trailer, or travel trailer.

#### **Maximum Registration Weight**

The maximum REGISTRATION WEIGHT per single vehicle or combination of vehicles is 105,500 pounds.

Maximum registration weight does not authorize operation in excess of legal weights. For operations in excess of 80,000 pounds or legal size or axle weights, you must also obtain a variance permit. Unlike registration weight, combined weight includes the weight of any camper, trailing vehicles or their loads. Variance permits may be obtained from CCD Over-Dimension Permit Unit, 3930 Fairview Industrial Drive SE, Salem Oregon 97302-1166. The telephone number is (503) 373-0000.

#### **Heavy Trailers**

Trailers with a loaded weight in excess of 8,000 pounds are registered permanently at DMV. The loaded weight of these trailers is included in the registration weight of the power unit that pulls the trailer.

This fee schedule must be used for motor vehicles that qualify for and are registered as tow/recovery or manufactured structure toters; i.e. used only to tow or haul wrecked or disabled vehicles or to transport manufactured structures. Vehicles that are used to tow, plus haul other commodities must use the Fee Schedule for Heavy Motor Vehicles (FORM 735-9922).

Your vehicle may be subject to other requirements administered by Commerce and Compliance Division (CCD). For more information, contact CCD, 3930 Fairview Industrial Drive SE, Salem Oregon 97302-1166. The telephone number is (503) 378-6699.
