CFRP Strengthening-Wet Lay Up System

ODOT maintains a list of products suitable for use in strengthening concrete decks, columns and girders.

We have found the program developed by CALTRANS meets our needs.

-To apply for inclusion on the QPL, submit the following:

- [Preliminary information for Product Evaluation Form.](#)
- Spec data sheet with a list of limitations and precautions.
- Detailed installation instructions.
- MSDS
- Copy of written approval from CALTRANS.

Contact Information:

CALTRANS
Contact: Jim Gutierrez Phone:
(916) 227-8519
Email: Jim.Gutierrez@dot.ca.gov

Note: Approval by CALTRANS requires manufacturer paid testing by independent test laboratory. Must meet CALTRANS testing requirements for approval. Contact CALTRANS for details.

Submit documentation to:
Oregon DOT
Product Evaluation Coordinator
