

Standard Guidelines for Product Review

Preformed Joint Filler;

Section 02440.10

July, 2013

02440.10 – Preformed Joint Filler

ODOT maintains a list of preformed joint fillers on the Qualified Products List suitable for placement in non-moving concrete joints, such as sidewalks or slabs.

Specifications - We require independent testing conforming to the following:

Preformed joint fillers for concrete shall conform to the requirements of AASHTO M 213 (ASTM D 1751).

To apply for inclusion on the QPL, submit the following information for each product that you wish us to evaluate:

- Preliminary Information for Product Evaluation Form
- Copy of Independent Test Results conforming to the above specifications.
- Copy of the MSDS
- 2 small samples approximately 4" x 4" each.

Submit documentation to:

Oregon Department of Transportation
Product Evaluation Coordinator
800 Airport Road SE
Salem OR 97301-4792
503-986-3059
