

Activity F30 Equipment Inspection and Preventive Maintenance

Description

Activity F30 involves periodic inspection, testing, and preventive maintenance on a specific piece of equipment. It includes costs involved with washing the equipment, general upkeep, changing the oil and filter, lubricating as required, replacing wiper blades and light bulbs, etc.

General Information

Perform this activity at the frequency in the *Fleet Guidelines Manual* or owner's manual.

As appropriate, use contract methods to accomplish this work. Refer to the Purchase and Acquisition of Goods and Services and the Equipment sections of this Guide if contract methods are used to accomplish this work.

Refer to Activities F35 through F42 for specific repairs to equipment.

Measurement of Accomplishment, Expenditure Account, Charge Activity

Measurement is number of worker hours involved. Expenditure account type is Equipment EA for the involved piece of equipment. Use a sub job appropriate for the crew performing the work.

- Charge all costs to Activity F30.
