

Activity F35 Equipment Repair - Body and Chassis Repair

Description

Activity F35 involves repairing components of the body or chassis of equipment owned or leased by ODOT.

General Information

Refer to Activity F25 for transporting the equipment to and from the repair facility.

As appropriate, use contract methods to accomplish this work. Refer to the Purchase and Acquisition of Goods and Services and the Equipment sections of this Guide for information on contract methods.

Measurement of Accomplishment, Expenditure Account, Charge Activity

Measurement is number of worker hours involved. Expenditure account type is Equipment EA for the involved piece of equipment. Use a sub job appropriate for the crew performing the work.

- Charge all costs to Activity F35.
