

Traffic Advisory

LANE CLOSURE ON HIGHWAY 99E THIS WEEKEND

A contractor with the Oregon Department of Transportation will close the right lane on southbound Highway 99E from Division Place to the Ross Island Bridge, Friday, Nov. 17 at 10 p.m. through Monday, Nov. 20 at 6 a.m. The lane closure will allow a crew to safely install waterline connections as part of the Martin Luther King Jr. Boulevard viaduct replacement project.

During the work, Highway 99E between Taggart Street and the Ross Island Bridge will be narrowed to a width of 10 feet.

Southbound traffic will be controlled by flaggers during the waterline work.
