

Traffic Advisory

CRASH CLOSES SOUTHBOUND I-205

An early morning crash has closed all southbound lanes of Interstate 205 near the Glisan Street interchange. Motorists who are southbound on I-205 will be routed off the freeway at the Glisan Street off-ramp and then back on the freeway using the Glisan Street on-ramp. Drivers on eastbound I-84 who are headed to southbound I-205 should exit I-84 at 82nd Avenue, proceed south to Washington Street, head east on Washington to the southbound I-205 on-ramp. ODOT and emergency response crews are on scene and hope to have the southbound lanes of I-205 reopened sometime between 6:00 a.m. and 6:30 a.m.

The ramps to eastbound and westbound I-84 from southbound I-205 are open and functioning normally.
